God, Schools, and Government Funding Laurence H. Winer, Nina J. Crimm, 2016-04-15 In recent years a conservative majority of the U S Supreme Court over vigorous dissents has developed circumventions to the Establishment Clause of the First Amendment that allow state legislatures unabashedly to use public tax dollars increasingly to aid private elementary and secondary education This expansive and innovative legislation provides considerable governmental funds to support parochial schools and other religiously affiliated education providers That political response to the perceived declining quality of traditional public schools and the vigorous school choice movement for alternative educational opportunities provokes passionate constitutional controversy Yet the Court s recent decision in *Arizona Christian School Tuition Organization v Winn* inappropriately denies taxpayers recourse to challenge these proliferating tax funding schemes in federal courts Professors Winer and Crimm clearly elucidate the complex and controversial policy legal and constitutional issues involved in using tax expenditures mechanisms such as exclusions deductions and credits that economically function as government subsidies to finance private religious schooling The authors argue that legislatures must take great care in structuring such programs and set forth various proposals to ameliorate the highly troubling dissention and divisiveness generated by state aid for religious education

Urban Loopholes Ying Zhou, 2017-06-26 Urban reuse creative production consumerism and heritage protection have formed an alliance for the transformation of inner city districts of Shanghai This in depth study based on the author s intimate familiarity of the local scene and supplemented by her critical outsider s insights describes the strategies players and processes of a uniquely Chinese model of urban transformation Concepts like Urban Loopholes Preservation via inhabitation and Gentrification with Chinese characteristics characterize the specific mechanisms for urban development in Shanghai Urban Loopholes invites the reader to rethink the necessity of urban resilience in the face of globalization s impact for change
