## Mathematics Term 1 Grade 11 Exemplar:

Annual Report South Africa. Department of Basic Education, 2016      *Transparency in Assessment – Exploring the Influence of Explicit Assessment Criteria* Anders Jönsson, Frans Prins, 2019-04-03 In many schools and higher education institutions it has become common practice to share assessment criteria with students Sometimes it is required for accountability purposes at other times criteria are used as a means to communicate expectations to students However the idea that explicit assessment criteria should be shared with students has been contested On the one hand research has shown that explicit criteria may positively affect student performance reduce their anxiety as well as support students use of self regulated learning strategies On the other hand there are fears that explicit criteria may have a restraining influence on students learning as well as limiting their autonomy and creativity There are also indications of students becoming more performance oriented as opposed to learning oriented when being provided with explicit assessment criteria Taken together it is not fully understood under which circumstances it is productive for student learning to share explicit assessment criteria and under which circumstances it is not In particular empirical research on the proposed negative effects of sharing criteria with learners is limited and most fears voiced in the literature are based on individual experiences and anecdotal evidence In this book we therefore bring different perspectives on transparency in assessment together in order to further our understanding of how students are influenced by the use of explicit assessment criteria A deeper understanding of the influence of explicit assessment criteria on students understanding of criteria motivation and learning is equally imperative for future research and educational practice both of which need to go beyond individual opinions and convictions      South Africa Yearbook ,2009      **Resources in Education** ,2001-10      **The Bradley Bibliography** Alfred Rehder,1912      **The Bradley Bibliography: Dendrology. 1911-12** Alfred Rehder,1912      Linguistics and Language Behavior Abstracts ,1992 LLBA contains abstracts of the world s literature in linguistics and language related research book abstracts book review listings and enhanced bibliographic citations of relevant dissertations Related disciplines such as anthropology education ethnology information science medicine and communications are covered Also includes some reference to papers in published conference proceedings      The Current ,1884      **Curriculum Concerns** ,1985      **Popular Mechanics Magazine** ,1927      *Resources in Education* ,1995      **Webster's New International Dictionary of the English Language, Based on the International Dictionary 1890 and 1900** William Torrey Harris, Frederic Sturges Allen, 1911      *New International Dictionary* ,1920      **Current** ,1884      **The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces** ,1906      *Dissertation Abstracts International* ,1970      **Current Index to Journals in Education** ,2000      Comprehensive Dissertation Index ,1984      **The British National Bibliography** Arthur James Wells,1955      **Documentation Abstracts** ,1982
