Tommaso Virgili,2021-09-15 This book focuses on Islamic constitutionalism and in particular on the relation between religion and the protection of individual liberties potentially clashing with sharica and the Islamic ethos The analysis goes from general to particular starting with a theoretical overview on constitutionalism human rights and Islam moving to the assessment of the post Arab Spring Constitutions of Egypt and Tunisia and concluding with a specific focus on the rights of sexual minorities and freethinkers Part I provides a theoretical account of the conception of constitutionalism and human rights in Islam compared and contrasted with Western constitutionalism A set of issues where the tension between sharica and human rights is accentuated is analysed against the backdrop of the main Islamic charters of rights Part II conducts a similar assessment based on the Constitutions of Tunisia and Egypt the two main epicentres of the Arab Spring Part III

moves to two specific rights in the same countries from the twofold perspective of the Constitutions and international law the freedom from interference in one's intimate life with particular regard to homosexuality and the freedom of holding and expressing nonconventional beliefs deemed unacceptable from the point of view of traditional Islam. These issues have been chosen as representative of the most controversial still considered taboo in both legal and social terms hence at the fringes of the debate on individual freedoms. Focusing on two overlooked and underexplored issues the work thus pushes the boundaries of the human rights discourse in Muslim contexts.

Students With Interrupted Formal Education

Brenda Custodio, Judith B. O'Loughlin, 2017-02-23 New hope for our most vulnerable English learners. One of the guiding principles of effective English language teaching is for educators to know their students. And that in a nutshell captures the value of this book. The compassion that Custodio and O'Loughlin feel for our SIFE students, the commitment they have to educating them well, and the comprehension they have of the assets these learners bring to the classroom are evident in the writing tools and vignettes they share. Deborah J. Short: Under the best of circumstances the academic demands of today's classrooms can be daunting to our English learners. But for the tens of thousands of newly arrived students with interrupted formal education, even the social challenges can be outright overwhelming. Rely on this all-in-one guide from Brenda Custodio and Judith O'Loughlin for expert insight on how to build the skills these students need for success in school and beyond. Inside you'll find essential background on factors leading to interrupted education. Specific focus on refugee children and Latino immigrants. Guidance on building internal resilience for long-term social and emotional health. Recommendations for creating supportive environments at the classroom, school, and district level. About one thing Brenda and Judith are absolutely convinced: our SIFE students can learn and make progress, often at a remarkable speed. But it's up to us, their educators, to provide the time, attention, and a specific focus. Consider this book your first step forward.

Tackling Terrorism in Britain

Steven Greer, 2021-10-14 In September 2001 the world witnessed the horrific events of 9/11. A great deal has happened on the counterterrorism front in the 20 years since. While the terrorist threat has greatly diminished in Northern Ireland, the events of 9/11 and their aftermath have ushered in a new phase for the rest of the UK with some familiar but also many novel characteristics. This ambitious study takes stock of counterterrorism in Britain in this anniversary year. Assessing current challenges and closely mirroring the four Ps of the official CONTEST counterterrorism strategy: Protect, Prepare, Prevent, and Pursue, it seeks to summarize and grasp the essence of domestic law and policy without being burdened by excessive technical detail. It also provides a rigorous context-aware, illuminating yet concise, accessible and policy-relevant analysis of this important and controversial subject grounded in relevant social science, policy studies, and legal scholarship. This book will be an important resource for students and scholars in law and social science as well as human rights, terrorism, counterterrorism, security, and conflict studies.
