Life Science P201september Memo:

Technical Memorandum Harvard University. Acoustics Research Laboratory,1947 **She Damn Near Ran the Studio** Jacqueline R. Braitman,2020-10-19 Best known as the woman who ran MGM Ida R Koverman 1876 1954 served as talent scout mentor executive secretary and confidant to American movie mogul Louis B Mayer for twenty five years She Damn Near Ran the Studio The Extraordinary Lives of Ida R Koverman is the first full account of Koverman s life and the true story of how she became a formidable politico and a creative powerhouse during Hollywood s Golden Era For nearly a century Koverman s legacy has largely rested on a mythical narrative while her more fascinating true life story has remained an enduring mystery until now This story begins with Koverman s early years in Ohio and the sensational national scandal that forced her escape to New York where she created a new identity and became a leader among a community of women Her second incarnation came in California where she established herself as a hardcore political operative challenging the state s progressive impulse During the Roaring Twenties she was a key architect of the Southland s conservative female centric partisan network that refashioned the course of state and national politics and put Herbert Hoover in the White House As the political boss of Los Angeles County she was the premiere matchmaker in the courtship between Hollywood and national partisan politics which as Mayer s executive secretary was epitomized by her third incarnation as one of the most formidable women in Hollywood whose unparalleled power emanated from her unique perch inside the executive suite of Metro Goldwyn Mayer Free to adapt her managerial skills and political know how on behalf of the studio she quickly drew upon her artistic sensibilities as a talent scout expanding MGM s catalog of stars and her own influence on American popular culture Recognized as one of the invisible power centers in both MGM and the city of Los Angeles she nurtured the city s burgeoning performing arts by fostering music and musicians and the public financing of them As the lioness of MGM royalty Ida Koverman was not just a naturalized citizen of the Hollywood kingdom at times during her long reign she damn near ran the studio

Forbidden Bookshelf Presents Christopher Simpson Christopher Simpson,2018-10-23 Three provocative expos s from a National Jewish Book Award winning journalist address the CIA s recruitment of Nazis and use of psychological warfare The Splendid Blond Beast This groundbreaking investigation into the CIA s post World War II liberation and recruitment of Nazi war criminals including the pivotal role played by CIA director Allen Dulles traces the roots not only of US government malfeasance but of mass murder as an instrument of financial gain and state power from the Armenian genocide during World War I to Hitler s Holocaust through the practice of genocide today Revelatory and shocking Kirkus Reviews Blowback The true story of how US intelligence organizations employed Nazi war criminals in clandestine warfare and propaganda against the USSR anticolonial revolutionaries and progressive movements worldwide that were claimed to be Soviet pawns The story is one that needs to be told and Blowback makes a major contribution to its telling supplementing a thorough collation of known cases with ample new research The New York Times Science of Coercion

Drawing on long classified documents from the Pentagon the CIA and other national security agencies Simpson exposes secret government funded research into psychological warfare and reveals that many of the most respected pioneers in the field of communication science were knowingly complicit as their findings were employed for the purposes of propaganda subversion intimidation and counterinsurgency during the Cold War era An intriguing picture of the relations between state power and the intellectual community Noam Chomsky Massachusetts Institute of Technology *Nuclear Science Abstracts*, 1957 **Yearbook of Finnish Foreign Policy**, 1974 Ministers of Reform Robert M. Crunden, 1984 *Ministers of Reform* vividly depicts the spiritual odyssey of an entire generation and shows how Protestant roots and a common climate of creativity nurtured a host of Progressive leaders from all walks of life Crunden demonstrates that the same spirit of innovation and moral rectitude so typical of the era's politics also characterized its artistic endeavors **The Impossible Bomb** Gareth Williams, 2025-12-08 The remarkable story of the forgotten British scientists who enabled the Manhattan Project to create the atomic bomb Atomic weaponry is widely understood as a story of American scientific achievement but scientists working in Britain played a vital role in its development Including Nobel Prize winners and Jewish refugees from Nazi Germany these scientists have long since been forgotten But without their expertise Robert Oppenheimer's research at Los Alamos would never have succeeded Gareth Williams unearths the true story of the top secret British atomic programme codenamed Tube Alloys established in 1940 These pioneering scientists struggled to convince sceptics in Britain and the USA that an atomic super bomb capable of destroying entire cities was feasible and could be built in time to influence the outcome of the Second World War Williams shows how the British atomic programme despite the often disruptive involvement of political leaders such as Winston Churchill was vital to the success of the Manhattan Project *The Impossible Bomb* sheds new light on how humanity's deadliest weapons came to exist and the massive destruction they wrought *Facing North Volume 1* David Goldsworthy, 2012-11-27 *Facing North* is the first substantial history of Australia's relations with Asia since Federation Volume 1 chronicles Australian Asian relations from 1901 to the 1970s and Volume 2 in preparation will carry the story through the last decades of the century just ended Both make extensive use of official government sources and of the private collections of ministers and public servants Debate about engagement with Asia is not a recent phenomenon Ever since Federation Australians in public life have expressed diverse views on our foreign policy and on areas with major domestic consequences such as immigration In this volume Australia faces up to many changes in Asia Japan an expanding military power during the 1930s becomes an economic partner during the 1950s The Pacific war and decolonisation open Australia's regional horizons and the Vietnam war necessitates active engagement with Southeast Asia Failure to recognise China during the 1950s and 1960s shifts after 1972 to a vigorous search for relationship Other key developments include the initiation of the Colombo Plan in the 1950s and gradual abolition in the 1960s and 1970s of the White Australia Policy The story is not a simple one of smoothly evolving engagement The challenges presented by Asian realities have evoked complex

responses which this history analyses and clarifies It explains the major changes in official Australian policies towards Asia together with the broader cultural challenges Facing North tells us what was done in the past and why It is essential reading for anyone who wants to better understand Australia s present relations with Asian countries and our future choices
