## **Man To Man Desire Homosociality And Authority:**

**Man to Man** Mark Masterson, 2014 This book discusses same sex desire among elite educated Roman men in late antiquity when same sex desire could operate as a distinct vehicle for expressing friendship patronage solidarity and other important relationships Indeed a man's grandeur or reputation could be portrayed metaphorically and with some paradox as sexual attractiveness Knowledge of the actual mechanics of same sex sexual behavior demonstrated that there was nothing the elite classes did not know even of behaviors that were often frowned on and even criminalized Since Plato's dialogues were widely read and influential among the educated classes same sex attraction knowledge could also operate as a vehicle for rising to the transcendent *The Routledge Handbook on Identity in Byzantium* Michael Stewart, David Parnell, Conor Whately, 2022-03-30 This volume is the first to focus solely on how specific individuals and groups in Byzantium and its borderlands were defined and distinguished from other individuals and groups from the mid fourth to the close of the fifteenth century It gathers chapters from both established and emerging scholars from a wide range of disciplines across history art archaeology and religion to provide an accurate representation of the state of the field both now and in its immediate future The handbook is divided into four subtopics that examine concepts of group and specific individual identity which have been chosen to provide methodologically sophisticated and multidisciplinary perspectives on specific categories of group and individual identity The topics are Imperial Identities Romanitas in the Late Antique Mediterranean Macro and Micro Identities Religious Regional and Ethnic Identities and Internal Others and Gendered Identities Literature Memory and Self in Early and Middle Byzantium While no single volume could ever provide a comprehensive vision of identities on the vast variety of peoples within Byzantium over nearly a millennium of its history this handbook represents a milestone in offering a survey of the vibrant surge of scholarship examining the numerous and oft times fluctuating codes of identity that shaped and transformed Byzantium and its neighbours during the empire's long life *Sex in Antiquity* Mark Masterson, Nancy Sorkin Rabinowitz, James Robson, 2018-02-05 Looking at sex and sexuality from a variety of historical sociological and theoretical perspectives as represented in a variety of media *Sex in Antiquity* represents a vibrant picture of the discipline of ancient gender and sexuality studies showcasing the work of leading international scholars as well as that of emerging talents and new voices Sexuality and gender in the ancient world is an area of research that has grown quickly with often sudden shifts in focus and theoretical standpoints This volume contextualises these shifts while putting in place new ideas and avenues of exploration that further develop this lively field or set of disciplines This broad study also includes studies of gender and sexuality in the Ancient Near East which not only provide rich consideration of those areas but also provide a comparative perspective not often found in such collections *Sex in Antiquity* is a major contribution to the field of ancient gender and sexuality studies **The Routledge Handbook of Queer Rhetoric** Jacqueline Rhodes, Jonathan Alexander, 2022-04-25 The Routledge Handbook of Queer Rhetoric maps the ongoing becoming of queer rhetoric in the late

twentieth and early twenty first centuries offering a dynamic overview of the history of and scholarly research in this field The handbook features rhetorical scholarship that explicitly uses and extends insights from work in queer and trans theories to understand and critique intersections of rhetoric gender class and sexuality More important chapters also attend to the intersections of constructs of queerness with race class ability and neurodiversity In so doing the book acknowledges the many debts contemporary queer theory has to work by scholars of color feminists and activists inside and outside the academy The first book of its kind the handbook traces and documents the emergence of this subfield within rhetorical studies while also pointing the way toward new lines of inquiry new trajectories in scholarship and new modalities and methods of analysis critique intervention and speculation This handbook is an invaluable resource for scholars graduate students and advanced undergraduate students studying rhetoric communication cultural studies and queer studies

Selections from the Poems of Paulinus of Nola, including the Correspondence with Ausonius Alex Dressler, 2023-03-24

This volume offers a broad introduction to one of the most exciting chapters of Late Antiquity through direct testimony from one of the last representatives of Roman Antiquity Ausonius of Bordeaux and his radical Christian protégé the populist bishop and experimental poet Paulinus of Nola The first comprehensive volume in English dedicated to these works in over a century this book also offers representative selections from Paulinus vast poetic output from the publicly performed poems that mark his contribution to the emerging cult of the saints to his experimental Christianization of a wide range of Classical genres Preceded by a substantial introduction discussing the modern significance of these works and their original contexts the translation is accompanied by running notes for ease of reference and an interpretive commentary rich with illustrative parallels Taken together the correspondence with Ausonius and the selections from Paulinus epitomize the personal political and spiritual conflicts of their age offering a lively and concentrated introduction to the life and thought of these two underappreciated contemporaries of Jerome and Augustine Accompanied by new and provocative interpretations with detailed but concise historical and biographical guidance this accessible and stylish translation will appeal to scholars and students of Classics Late Antiquity religious studies social history and world literature

Between Byzantine Men Mark Masterson, 2022-06-16 The presence and importance of same sex desire between men in the Byzantine Empire has been understudied While John Boswell and others tried to open a conversation about desire between Byzantine men decades ago the field reverted to emphasis on prohibition and an inability to read the evidence of same sex desire between men in the sources *Between Byzantine Men Desire Homosociality and Brotherhood in the Medieval Empire* challenges and transforms this situation by placing at centre stage Byzantine men's desiring relations with one another This book foregrounds desire between men in and around the imperial court of the 900s Analysis of Greek sources many untranslated until now and of material culture reveals a situation both more liberal than the medieval West and important for its rite of brother making adelphopoiesis which was a precursor to today's same sex marriage This book transforms our understanding of Byzantine

elite men's culture and is an important addition to the history of sex and desire between men *Between Byzantine Men* will appeal to scholars and general readers who are interested in Byzantine History Society and Culture the History of Masculinity and the History of Sexuality **Same Sex Desire in California, 1849-1900** Ranney Blake Draper, 2005
