Zola and the Craft of Fiction Robert Lethbridge,Terry Keefe,1990 This is the first full length stu fy of Zola s practice as a novelist Although Zola s literary achievement has been revalued in the last 25 years critical attention has been concentrated on the contrast between his work s realistic dimension and its poetic power Now the balance is redressed by this study of Zola as a craft sman Most of the ten specially commissioned chapters in this book are concerned with its great saga of *Les Rougon Macquart* In each Zola s techniques are related to problems on genre and representation and several relate his techniques to those used in contemporary melodrama journalism and impressionist painting **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library.
