**The Medieval Kitchen** Odile Redon, Françoise Sabban, Silvano Serventi, 1998 The Medieval Kitchen is a delightful work in which historians Odile Redon, Françoise Sabban and Silvano Serventi rescue from dark obscurity the glorious cuisine of the Middle Ages. Medieval gastronomy turns out to have been superb: a wonderful range of flavor, aroma and color. Expertly reconstructed from fourteenth and fifteenth century sources and carefully adapted to suit the modern kitchen, these recipes present a veritable feast. The Medieval Kitchen vividly depicts the context and tradition of authentic medieval cookery. This book is a delight. It is not often that one has the privilege of working from a text this detailed and easy to use. It is living history, able to be practiced by novice and master alike. Practical history which can be carried out in our own homes by those of us living in modern times. Wanda Oram Miles, The Medieval Review. The Medieval Kitchen like other classic cookbooks makes compulsive reading as well as providing a practical collection of recipes. Heather O'Donoghue, Times Literary Supplement

**Food and Wine Pairing** Robert J. Harrington, 2007-03-05 Food and Wine Pairing: A Sensory Experience provides a series of discussion and exercises ranging from identifying basic wine characteristics including visual, aroma, taste, acid, sweetness, oak, tannin, body, etc., to palate mapping, acid, sweet, sour, bitter, and tannin. Basic food characteristics and anchors of each: sweet, sour, bitter, saltiness, fattiness, body, etc. It presents how these characteristics contrast and complement each other. By helping culinary professionals develop the skills necessary to identify the key elements in food or wine that will directly impact its matching based on contrast or similarities, they will then be able to predict excellent food and wine pairings.
