Sixth Mental Measurements Yearbook Oscar Krisen Buros, 1959 **The ... Mental Measurements Yearbook**

Barbara S. Plake, James C. Impara, Linda L. Murphy, 1998 Lists and reviews all the educational and psychological tests and measurements that have been published since the last edition **The Twentieth Mental Measurements Yearbook** Buros Center, 2017-07-15 Recognized as the standard reference for information and reviews of commercial tests the Buros Mental Measurements Yearbooks series is an essential resource for those involved in the evaluation selection and use of commercially published instruments **Visual Diagnosis and Care of the Patient with Special Needs** Marc B.

Taub, Mary Bartuccio, Dominick Maino, 2012-09-26 Visual Diagnosis and Care of the Patient with Special Needs provides a thorough review of the eye and vision care needs of patients with special needs This book gives you a better understanding of the most frequently encountered developmental and acquired disabilities seen in the eye care practitioner's office These disabilities include patients with autism brain injury Fragile X syndrome and Down syndrome as well as those with psychiatric illness dual diagnosis and more The text discusses in great detail the visual issues inherent in these populations and their possible treatment A group of authors with approximately 500 years of experience in the field of eye care and

special populations have been brought together to develop this comprehensive reference. It may appear that this book is written primarily for eye care practitioners such as optometrists and ophthalmologists while vision is the overriding topic; this book serves as an excellent resource for a multitude of professions including those engaged in occupational therapy, physical therapy, speech and language therapy, psychiatry, social work, pediatric medicine, and special education.

The series, initiated in 1938, provides factual information, critical reviews, and comprehensive bibliographic references on the construction, use, and validity of all tests published in English. The objectives of the Mental Measurements Yearbooks have remained essentially the same since the publication of the series. These objectives include provision to test users of factual information on all known tests published as separates in the English-speaking countries of the world; candidly critical test reviews written for the MMY series by qualified professional people representing a variety of viewpoints; unique publication of each volume in the MMY series with new volumes supplementing rather than supplanting previous series volumes. Each yearbook is a unique publication supplementing rather than supplanting the previous volumes. The Fifteenth Mental Measurements Yearbook contains original reviews of over two hundred newly published or revised tests. All instruments are currently available and published in the English language. The Yearbook provides candid critical reviews and other information on instruments used in all areas of testing, including education, psychology, business, law, health care, counseling, and management. Test descriptions include purpose, target population, scores available, administration information, price, author, and publisher. The reviews of individual tests are written by qualified professionals representing a variety of expertise. Test entries are cross-referenced and indexed by title, subject name, acronym, and score. An index and an updated directory of publishers are also included.

Assessment in Counseling Danica G. Hays, 2014-11-03. Now more user friendly than ever while continuing the legacy of excellence that Albert Hood and Richard Johnson began, the latest version of this best-selling text updates students and clinicians on the basic principles of psychological assessment, recent changes in assessment procedures, and the most widely used tests relevant to counseling practice today. Hays walks the reader through every stage of the assessment process and provides practical tools such as bolded key terminology, chapter pretests, summaries, and review questions; self-development and reflection activities; client case examples; practitioner perspectives illustrating assessment in action; and handy tip sheets. More than 100 assessment instruments examining intelligence, academic aptitude, and achievement; career and life planning; personal interests and values; personality; and interpersonal relationships are described. Also discussed are specialized mental health assessments for substance abuse, depression, anxiety,

anger self injury eating disorders suicide risk and attention deficit hyperactivity disorder Requests for digital versions from the ACA can be found on wiley.com To request print copies please visit the ACA website [here](http://www.aca.org) Reproduction requests for material from books published by ACA should be directed to permissions.counseling.org
