Office 2007 Chris Grover,Matthew MacDonald,E. A. Vander Veer,2007-04-27 A comprehensive guide to Microsoft Office 2007 covers all of the features of Word Excel PowerPoint and Access providing helpful guidelines on how to use the programs and including tips on how Office 2007 differs from Office 2005

Word 2007: The Missing Manual Chris Grover,2006-12-21 Microsoft Word has grown considerably in power sophistication and capability over the past decade but one thing that hasn t changed since the early 90s is its user interface The simple toolbar in version 2 0 has been packed with so many features since then that few users know where to find them all Consequently more and more people are looking for insider tips that will allow them to use these advanced and often hidden features Microsoft has addressed this problem in Word 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use Unfortunately Microsoft s documentation is as scant as ever so even though you will be able to find advanced features you might not know what to do with them Word 2007 The Missing Manual written specifically for this version of the software explains basics like how to create documents enter and edit text format print and fax You will will also learn how to create sophisticated page layouts insert forms and tables use graphics and create book length documents with outlines and Master Documents Coverage also includes how to share documents with other people and programs create web pages automate documents with fields and automate tasks with macros and the Visual Basic scripting language This book shows you how to do it all

Word 2007 for Starters: The Missing Manual Chris Grover,2007-01-25 Fast paced and easy to read this concise book teaches you the basics of Word 2007 so you can start using the program right away Not only will you learn how to work with Word s most useful features to create documents format and edit text share the results and more you ll also discover how to go beyond basic documents to handle graphics create page layouts and use forms and tables The new Word is radically different from previous versions but with this convenient book you can breeze through the new user interface and its timesaving features in no time with Clear explanations Step by step instructions Lots of illustrations Larger type Plenty of friendly advice Word is used primarily for word processing but there s more to this powerful program than meets the eye It also offers a staggering array of advanced features that were once found only in page layout programs and graphics software Many of these features are hidden among

Word's cluttered menus and even the pros can't find them all. For Word 2007, Microsoft redesigned the user interface completely, adding a tabbed toolbar that makes every feature easy to locate. Unfortunately, Microsoft's documentation is as poor as ever, so even if you find the features you need, you still may not know what to do with them. Word 2007 for Starters: The Missing Manual helps you master Word's redesigned user interface and gives you exactly what you need to create unique, attractive, and effective documents. **Office 2007** Matthew MacDonald, 2009. The Missing Manual series. www.missingmanuals.com presents a collection of tutorials to guide you through some popular features in Microsoft Office 2007. Written by the authors of Office 2007 The Missing Manual and presented by the Missing Manuals team, these videos cover topics from simple text formatting in Word all the way to creating a custom query in Access. Each video is designed to get you up and running in under 10 minutes, perfect for the learner on the go. Go! with 2007 Vol 1 Shelley Gaskin, 2009.
