"Paul McFedries shows the typical process of creating databases on top of a non-relational approach to building other queries, forms, and reports—just what you need to make your business work...this book can be indispensable when you start building the database together!"

—Aerin Moran, Microsoft Access MVP

"This book is written in a very clear and concise style. Paul McFedries provides the reader with relevant practical examples throughout the text. I would highly recommend this book to anyone responsible for building Access queries, forms, and reports."
