

## PERSUASIVE ESSAY ABOUT MANDATORY VOLUNTEERING

**THESIS STATEMENT:** There are reasons both in favor and against mandatory volunteering, but I strongly believe that the disadvantages outweigh the advantages.

"I disagree" is what all the students at my university say these last few days. At first I didn't understand everyone's annoyance, I was very confused until I approached the news wall and found a big surprise. The government had decided that starting next year, volunteering will be mandatory for students from the third year of high school until they finish university and you must do it at least once a year. Although volunteering is an act of generosity, there are reasons both in favor and against mandatory volunteering, but I strongly believe that the disadvantages outweigh the advantages.

First of all, when you do a volunteering you work without nothing in return. For example, in Peru, one of the volunteer jobs you can do is clean the beach and they don't pay you a single dollar. Despite the fact that it can help you on your resume to get into a job or university, companies don't pay attention to how many times you volunteered, they want you for your experience and knowledge. For example, I know the case of my cousin who has always done volunteer work and it was of no use to her when looking for work. Now she is a lawyer and companies do not hire her because she has done volunteer work. They take her into account because of how good she is.

Second, you work stressed because it is something you don't want to do. Although volunteering can help you be a better person and be more patient, you could be a better person by doing other things, like practicing the values, I mean being respectful, kind. In my case, I consider myself a good person because I have always been good at practicing good values and I know that I am a good person without having ever volunteered.

Finally, the government is not respecting our own decision. Even though we are not all of legal age and our parents decide for us, we deserve to be heard and understand our points of view. We all have the right to be free to express ourselves and this should not be an exception, I mean that despite not being adults our opinions can be right.
