## Man In The Empty Suit:

*Man in the Empty Suit* Sean Ferrell, 2013 Life isn't easy for the time traveller who's seen it all. He's already toured the entirety of human history and the outside world. That's why this time traveller celebrates his birthday partying with himself. The year he turns 39 though the party takes a stressful turn for the worse. Before he even makes it into the grand ballroom for a drink he encounters the body of his 40 year old self dead of a gunshot wound to the head. As he follows the clues he discovers rampant paranoia and suspicion among his younger selves and a frightening conspiracy among the elders. *The Man in the Empty Suit* Tom Walker, 2019-07 In this dystopian novel set in the 2030s a man suffering from a gunshot wound is trying to remember what happened to him in the years since Trump got elected. Fimple is an alcoholic psychological counselor suffering from post traumatic amnesia. As he recovers in the hospital he tries to reconstruct his past but can't recognize the America his country has become. As his memory slowly returns he realizes the hospital is owned by his half uncle a Trump like corporatist who wants to run for president and has hired Fimple to babysit three sexually addicted young people to keep them out of the news. This is necessary because a sex scandal in the evangelical right wing post Trump era could weaken his run for president. But in counseling the three young addicts locked up in a halfway house Fimple comes to love them. When they beg him to set them free he is tempted. Fimple can't afford to lose his job but feels morally obligated to aid in their escape. What should he do? While Walker's prose is never flashy his careful grounding of details and patient efforts in constructing character and setting create a universe of flaws and possibilities and his stories unfold with a cumulative occasionally wrenching emotional effect.
