Educating through Popular Culture Edward Janak,Ludovic A. Sourdout,2017-03-01 This edited volume serves as a place for teachers and scholars to begin seeking ways in which popular culture has been effectively tapped for research and teaching purposes around the country The contents of the book came together in a way that allowed for a detailed examination of teaching with popular culture on many levels The first part allows teachers in PreK 12 schools the opportunity to share their successful practices The second part affords the same opportunity to teachers in community colleges and university settings The third part shows the impact of US popular culture in classrooms around the world The fourth part closes the loop to some extent showing how universities can prepare teachers to use popular culture with their future PreK 12 students The final part of the book allows researchers to discuss the impact popular culture plays in their work It also seeks to address a shortcoming in the field while there are outlets to publish studies of popular culture and outlets to publish pedagogical practitioner pieces there is no outlet to publish practitioner pieces on studying popular culture in spite of the increased popularity and legitimacy of the field

Christianity and Comics Blair Davis,2024 This book presents an 80 year history of how the comics industry has drawn inspiration from biblical imagery stories and themes Charting how comics have both reflected and influenced Americans changing attitudes towards religion it includes underground comix books from Christian publishers and a vast array of DC Marvel and Dark Horse titles from Hellboy to Preacher

Landscapes of Realism Svend Erik Larsen,Steen Bille Jørgensen,Margaret R. Higonnet,2022-03-15 Few literary phenomena are as elusive and yet as persistent as realism While it responds to the perennial impulse to use literature to reflect on experience it also designates a specific set of literary and artistic practices that emerged in response to Western modernity Landscapes of Realism is a two volume collaborative interdisciplinary investigation of this vast territory bringing together leading edge new criticism on the realist paradigms that were first articulated in nineteenth century Europe but have since gone on globally to transform the literary landscape Tracing the manifold ways in which these paradigms are developed discussed and contested across time space cultures and media this second volume shows in its four core essays and twenty four case studies four

major pathways through the landscapes of realism The psychological pathways focusing on emotion and memory the referential pathways highlighting the role of materiality the formal pathways demonstrating the dynamics of formal experiments and the geographical pathways exploring the worlding of realism through the encounters between European and non European languages from the nineteenth century to the present This volume is part of a book set which can be ordered at a special discount
