Mental Cing English Edition:

Youth Mental Health Crises and the Broken Social Link Carl Waitz,2024-10-01 This book critically examines the circumstances surrounding the failure of rites of passage in U S society and its relationship with the mental health crisis overtaking youth in America today The book develops a Freudian understanding of rites of initiation and the larger social link based on Freud s psychoanalytic myths read through a Lacanian lens It further surveys the deterioration of common civil identifications in the United States the advancement of consumer capitalism in the late 20th century and the development of social media in the 21st century as each composing a tectonic shift destabilizing the traditional function of the rite of initiation As a result adolescents today have no reliable method of entering the social link through symbolic identification nor the ability to use it to bind their libido The book traces the clinical consequences of this failure to the recent waves of mass psychogenic illness in adolescents the rocketing increase in psychiatric hospitalizations and the dramatic rise in suicidal thoughts and behaviours in the past years It also offers possible pathways forward for both adolescents and psychoanalytic clinicians working with them Drawing on multiple psychoanalytic schools of thought and clinical experience this book is a vital resource for psychoanalysts psychotherapists and clinicians working with adolescents **Acorns: Windows**

personal insight clarify the intended meanings underlying cryptic seemingly antinomian passages in root tantras such as the Esoteric Community Tantra Guhyasamaja tantra pertaining to sex violence and magical powers which have proved controversial for many traditional and modern scholars These seven treatises come from the famed mahasiddha great adept tradition which often defied the rigid social religious and gender norms of premodern India in quest of nondual wisdom The translator s introduction places the collection in its Indian sociohistorical context traces its reception in Tibetan Mahamudra practice lineages and addresses modern misinterpretations As a window into the earliest Indian Buddhist tantric communities The Seven Siddhi Texts is a treasure for both practitioners and scholars of these increasingly popular subjects
