Diagnostic and Therapeutic Technic Albert Sidney Morrow,1921 **StarBriefs 2001** ,2012-12-06 This compilation probably looks like one of the craziest things a human being could spend his or her time on Yet nobody would wonder at someone taking a short walk every day after twenty five years that person would have covered a surprisingly long distance This is exactly the story behind this list which appeared first as a few pages within the directory StarGuides or whatever name it had at that time and as a distinct sister publication since 1990 The idea behind this dictionary is to offer astronomers and related space scientists practical assistance in decoding the numerous abbreviations acronyms contractions and symbols which they might encounter in all aspects of the vast range of their professional activities including traveling Perhaps it is a bit paradoxical but if scientists quickly grasp the meaning of an acronym solely in their own specific discipline they will probably encounter more difficulties when dealing with adjacent fields It is for this purpose that this dictionary might be most often used Scientists might also refer to this compilation in order to avoid identifying a project by an acronym which already has too many meanings or confused definitions **Monthly Catalogue, United States Public Documents** ,1995

Jakob Vlietstra, 2012-12-06 My first encounter with acronyms took place when I was ten years old and growing up in an
occupied country during the Second World War My father proudly announced one day that despite the ban imposed by the
occupying administration he had managed to get a radio installed and could receive the BBC All acronyms used in this
introduction are listed in this dictionary To me the meaning of BBC was that we would receive different information about the
war than we got from the usual censored broadcasts There was of course the well known acronym associated with the NT but
at that time I did not realize that it meant more than the postal service in those years a deteriorated service Gradually the
daily use of acronyms grew Most of the newly acquired three and four letter abbreviations referred to organizations such as
the broadcasting corporations in The Netherlands and Belgium and references to countries such as the USA USSR and UK
When attending high school the HBS after the war my knowledge of acronyms grew slowly Even during the ten years I spent
in the Dutch Merchant Marine the GHV the number of acronyms was limited to advanced equipment that eventually became
known as RADAR LORAN and DECCA The Advertising Red Books , 2008-04 *Consumer Product Safety Review* , 1998
