Madame de Treymes Annotated Edith Wharton, 2020-10-22 This novella exhibits Wharton's subtle realism and is one of her works depicting Americans living in France. It tells of Fanny de Malrive nee Frisbee, a once free-spirited New Yorker now married to a French marquis. Like several of Wharton's female protagonists, she is trapped within an unhappy marriage as well as being constricted by the sacred institutions of the Parisian Faubourg St Germain aristocracy.

Madame De Treymes Edith Wharton, 2015-12-29 Originally published in 1907, *Madame de Treymes* is a short novella about the efforts of an American, John Durham, to win the hand of his former girlfriend, Fanny Frisbee, who has become Madame de Malrive by marriage. Durham seeks to use the eponymous character, a cousin of Fanny, to establish a divorce for Fanny, whose marriage is a distinctly unhappy one. Unfortunately, the aristocratic family works to establish a trap into which Fanny must walk. Wharton's principal theme is a comparison of American and European family values, with Durham as the individualist who refuses to conform to accepted norms and the aristocratic family as a unit that is constrained by deep historical prejudices towards marriage and the Church.

Madame de Treymes Edith Wharton, 2020-03-24 His European visits were infrequent enough to have kept unimpaired the freshness of his eye, and he was always struck anew by the vast and consummately ordered spectacle of Paris by its look of having been boldly and deliberately planned as a background for the enjoyment of life instead of being forced into grudging concessions to the festive instincts or barricading itself against them in unenlightened ugliness like his own lamentable New York.

The Representation and Function of Paris in Edith Wharton's "Madame de Treymes" Daria Poklad, 2015-11-24 Essay aus dem Jahr 2014 im Fachbereich Anglistik/Literatur, Note 1,3 Ruhr-Universität Bochum, Sprache: Deutsch, Abstract: Edith Wharton's novella *Madame de Treymes* (1907) is set in Paris and revolves around the three protagonists John Durham, Fanny de Malrive, and her sister-in-law Madame de Treymes. On a visit to Paris, the New Yorker John Durham meets his former college friend Fanny again, who has married into the Parisian upper class but lives separated from her unfaithful aristocratic husband. John and Fanny want to marry, but divorce is impossible in Catholic France, and especially in a titled family. Therefore, John seeks Madame de Treymes' help in getting the family to consent to a divorce and is confronted with the sinister strength of the French social order. Edith Wharton presents Paris as a corrupt place filled with intrigue and betrayal, a place hostile towards foreigners. Paris is represented through the representation of its aristocratic society, which is shown as a tight, arrogant, intriguer, narrow community feeling superior towards outsiders. Moreover, the representation of the French society demonstrates the contrast between the moral Americans and the immoral French.
