Female Friends and the Making of Transatlantic Quakerism, 1650-1750 Naomi Pullin, 2018-05-24 Quaker women were unusually active participants in seventeenth and eighteenth century cultural and religious exchange as ministers missionaries authors and spiritual leaders Drawing upon documentary evidence with a focus on women s personal writings and correspondence Naomi Pullin explores the lives and social interactions of Quaker women in the British Atlantic between 1650 and 1750 Through a comparative methodology focused on Britain and the North American colonies Pullin examines the experiences of both those women who travelled and preached and those who stayed at home The book approaches the study of gender and religion from a new perspective by placing women s roles relationships and identities at the centre of the analysis It shows how the movement s transition from sect to church enhanced the authority and influence of women within the movement and uncovers the multifaceted ways in which female Friends at all levels were active participants in making and sustaining transatlantic Quakerism Proceedings of the Friends' General Conference Society of Friends. Friends General Conference, 1906 **Friends' Intelligencer** ,1924 *The American Friend* ,1927 *Theological Perspectives on Reimagining Friendship and Disability* Martina Vuk, 2023-07-14 This book rethinks the anthropology of friendship from the perspective of theology and disability and suggests the respect for human dignity and the person s vulnerability as the criterion in reconsidering such an anthropology The reality of disability is not only the reality of being in the world but also concerns the concept of the meaning of otherness and being created as an image of God The constructive critique that the emergence of disability as a human condition posits to theo anthropological and ethical concepts is the quest of the renewal of theo anthropological and ethical knowledge on the meaning of disability otherness and friendship The theological and anthropological entities such as disability and friendship are interconnected in a sense that the meaning of the one needs to be explained in the light of the other and vice versa The renewal of certain anthropological categories in such regard is a search for a deeper understanding of humanity not apart from but in light of the presence of disability The book examines the anthropological and theological systems regarding the theme of friendship and disability *History of San Jose Quakers, West Coast Friends* Thomas M. love and friendship but was nonetheless ultimately based on expediency in accord with Epicurus conception of While Cicero s statements in his public speeches and his letters to men with an active public life have been scrutinised for his lack of candour or for his tendency to exaggerate his achievements the claims found in his letters to Atticus and to his family have not been treated with equal caution as they tend be taken at face value The book highlights the large number of discrepancies in his remarks and argues that despite his anti Epicurean statements personal benefit played a vital role in all of his relationships

An End to Enmity L. L. Welborn,2011-10-27 An End to Enmity casts light upon the shadowy figure of the wrongdoer of Second Corinthians by exploring the social and rhetorical conventions that governed friendship enmity and reconciliation in the Greco Roman world The book puts forward a novel hypothesis regarding the identity of the wrongdoer and the nature of his offence against Paul Drawing upon the prosopographic data of Paul s Corinthian epistles and the epigraphic and archaeological record of Roman Corinth the author shapes a robust image of the kind of individual who did Paul wrong and caused pain to both Paul and the Corinthians The concluding chapter reconstructs the history of Paul s relationship with an influential convert to Christianity at Corinth
