The New K53 Manual Clive Gibson, Gavin Hoole, 2010 **The Official K53 Pass Your Learner's Easily** Gavin Hoole, 2013-10-29 Pass Your Learner's Easily is the essential manual for everyone studying for their learner's licence test. The authors are all professional trainers and have devised this unique training method that will make passing the official test easy. This popular manual is the unchallenged all time classic for the learner's licence test with 2 million copies sold to date. All the text is in easy to understand language and also includes over 200 simple full colour illustrations that make learning and remembering very easy. The test includes 187 test yourself questions specially designed to reinforce the learning process and will help you pass your learner's licence test easily first time.

The Official K53 Learner's and Driver's Made Easy Clive Gibson, 2014-04-01 This best seller continues to provide driving licence candidates with a thorough grounding in everything they need to know to prepare for their learner's licence and K53 driving tests. The text has been revised and updated to take account of changes in road traffic legislation and the practical requirements for the official K53 Defensive Driving system. This well presented user friendly book combines all the elements needed to pass the written tests, yard test and road tests for motor vehicles, motorcycles and heavy motor vehicles and is the only manual that illustrates every rule of the road. Now also includes a handy loose insert that contains information about the official computerised test questions. Taken together the text, illustrations and self tests are designed to reinforce the learning process and make it easier to pass the learner's or driver's test first time.

Learner Drivers Handbook James Duggan, 2018-02-22 This Learner Drivers Handbook has been prepared to help learners pass their DVSA driving test first time. The author is a great believer in the maxim 'What you hear you will forget, what you see you will remember and what you do you will learn'. It uses detailed colour images to follow closely the requirements for learning to drive as laid down by the Driving Vehicle Standards Agency. In its various sections it includes the following:

1. Twelve complete and fully colour illustrated lesson plans covering all the elements which can be tested.
2. How to get the best out of the lesson plans to ensure success in your driving test.
3. Over 150 fully detailed colour illustrations each of which focuses on a relevant issue and designed for ease of presentation.
4. A lesson plan guide with a breakdown of all the diagrams included in each lesson plan.

The lesson plans have been set out in a general logical order with a view to going from novice to test standard and beyond. However, the order in which the plans are presented and the subject matter should be adapted to meet specific needs. Like any instructional manual of this type, the users should thoroughly familiarise themselves with its content and general layout in order to gain maximum benefit. At the back of this book you will see Other Publications by This Author, one of which is entitled Easy Lessons for Learner Drivers. The content is exactly the same but it is a larger sized edition which some pupils might prefer for home study. Many driving instructors have their own version of this book, thus ensuring that you are both following the same structured lessons.
