climb into the trenches with him She took the SAT seven times in one year ultimately compiling an accessible and relatable guide that is both a consumer report of fresh tips and an amusing snapshot of parental love and wisdom colliding with teenage apathy Stier quickly became hooked and her quest turned into an exercise in both hilarity and heartbreak as she persisted in deciphering the mind boggling menu of test prep options In The Perfect Score Project Debbie tries it all from Kaplan to Kumon and The Khan Academy she meets with a premier grammar coach takes a battery of intelligence tests and studies with the world s most prestigious and expensive test prep company She answers all the questions that overwhelm students and parents facing the SAT When do I start Does brand name test prep work Do I need a tutor a class or can I self study What s the one thing I need to know and What s the secret to teenage motivation The Perfect Score Project has inspired thousands of parents students and teachers to connect and transform the most reviled right of passage in a high school student s life into a positive experience This book provides concrete research on the best ways to succeed on a test that serves as the last big milestone before kids leave for college
