Kaunitz And Enlightened Absolutism 1753 1780

Clemens Wendtner

Kaunitz And Enlightened Absolutism 1753 1780:

Kaunitz and Enlightened Absolutism 1753-1780 Franz A. J. Szabo, 1994-03-31 Author of the diplomatic revolution of 1756 and brilliant foreign minister of the Austrian Empire Wenzel Anton Kaunitz State Chancellor of the Habsburg Monarchy 1753 1792 emerges from this study as the key figure in the development of enlightened absolutism and the guiding spirit behind the modernization of the state

Kaunitz and Enlightened Absolutism 1753-1780 Franz A. J. Szabo, *Secretaries and Statecraft in the Early Modern World* Paul M. Dover, 2016-06-14 Encompassing a variety of cultural and institutional settings these essays examine how state secretaries prime ministers and favourites managed diplomatic personnel and the information flows they generated They explore how these officials balanced domestic and international matters and state and personal ambitions

The Grand Strategy of the Habsburg Empire A. Wess Mitchell, 2019-10 The Habsburg Empire's grand strategy for outmaneuvering and outlasting stronger rivals in a complicated geopolitical world The Empire of Habsburg Austria faced more enemies than any other European great power Flanked on four sides by rivals it possessed few of the advantages that explain successful empires Yet somehow Austria endured outlasting Ottoman sieges Frederick the Great and Napoleon A Wess Mitchell tells the story of how this cash strapped polyglot empire survived for centuries in Europe's most dangerous neighborhood without succumbing to the pressures of multisided warfare He shows how the Habsburgs played the long game in geopolitics corralling friend and foe alike into voluntarily managing the empire's lengthy frontiers and extending a benign hegemony across the turbulent lands of middle Europe The Grand Strategy of the Habsburg Empire offers lessons on how to navigate a messy geopolitical map stand firm without the advantage of military predominance and prevail against multiple rivals

Maria Theresa Richard Bassett, 2025-02-25 A major new biography of Maria Theresa the formidable Habsburg Empress Maria Theresa was the single most powerful woman in eighteenth century Europe At the age of just twenty three she succeeded to the Habsburg domains only to find them contested by almost every power in Europe Over the next forty years she became a fierce leader and opponent as well as a devoted wife and mother to sixteen children In this engrossing biography Richard Bassett traces Maria Theresa's life and complex legacy Drawing on hitherto unpublished sources Bassett reveals her keen sense of moderation and tolerance innovative ideas on free trade and finance and studied reluctance to resort to policies of territorial expansion Yet Maria Theresa's modernisation policies were not entirely progressive Antisemitism and an enduring suspicion of Protestantism greatly affected the lives of her subjects This is a gripping study of one of the world's most influential leaders revealing how Maria Theresa confounded gendered expectations and left a lasting mark on Europe

Enlightened Innovation and the Ancient Constitution Geert van den Bossche, 2001

Gender and Politics in Austrian Fiction Ritchie Robertson, Edward Timms, 1996 This volume of essays on Austrian fiction compiled at a time when Austria is forming stronger links within the European Union illustrates a transition from traditional preoccupations with character differences between Austrian and German literature to wider concerns of

politics and gender Fictional treatments of such issues as male homosexuality problems in feminism the representation of women in male authored texts and anti war protest are examined both in well known novels and in little known works by underrated authors Many of the authors discussed have received insufficient recognition because they do not fall within a familiar canon of German literature The specialised research involved in compiling this material is accessible through a series of book reviews included at the end of the volume which range in subject area from the life of an eighteenth century soldier in the Habsburg service to the continuing discussion on Austrian identity

Great Power Diplomacy A. Wess Mitchell, 2025-10-14 A captivating history of diplomacy and an urgent reminder of why we need to revive its lost arts to survive in a dangerous era of great power competition From the beginning of time human societies have found themselves confronted by enemies too numerous or ferocious to defeat solely by force of arms In these dramatic moments wise leaders have turned to diplomacy to rearrange the gameboard in their favor and stymie seemingly unstoppable foes In Great Power Diplomacy American historian and diplomat A Wess Mitchell recounts the forgotten story of how history's most legendary empires have used diplomacy as a tool of grand strategy to outwit outmaneuver and outlast militarily superior opponents Through fifteen centuries of history Great Power Diplomacy recreates the perilous junctures colorful personalities and intricate statecraft that led to some of history's most stunning diplomatic achievements and greatest disasters The protagonists include giants like Richelieu Metternich Bismarck and Kissinger but also a lesser known cast of scoundrels eunuchs drunkards and fools At every turn fortune favored those great powers with the foresight and dexterity to build winning alliances splinter enemy coalitions and when necessary make peace with their bitterest foes Diplomacy of this kind has become a lost art in recent years as Western elites embraced the illusion that globalization and the spread of democracy would create a borderless world where nations would live in harmony and war would be abolished from the human story But as Great Power Diplomacy reveals we will need to rediscover the secrets of skillful statecraft as the world enters an unstable new era in which continent sized great powers compete for territory resources and prestige By recalling diplomacy's rich past we can equip ourselves for a more dangerous future

Studies on Voltaire and the Eighteenth Century, 1998

The European Nobilities in the Seventeenth and Eighteenth Centuries Hamish M. Scott, 1995 This volume on European nobility includes coverage of the following serfdom and service nobility the Swedish nobility 1600 1772 the rise and fall of the Danish nobility 1600 1800 the Prussian junkers 1600 1786 and the continuity of aristocratic power

Monarchy and Religion Michael Schaich, 2007 Monarchy and Religion explores the religious dimension of kingship in 18th century Europe By comparing the British French Russian and some of the German monarchies it challenges assumptions about the desacralization of royal power during this period

Louis XVI and the Comte de Vergennes Louis XVI ((roi de France ;), Charles Gravier comte de Vergennes, 1998 The correspondence between Louis XVI and his foreign secretary the comte de Vergennes represents a major new source for the history of French diplomacy and warfare in the last

years of the ancien régime New light is shed on France's intervention in the American War of Independence and in particular on how and why the king's decision to intervene was taken on the Franco-Austrian alliance and the pacte de famille with Spain But since Vergennes was also from 1783 chef du conseil royal des finances we learn too about the credit crisis of 1783 and the abortive attempt to end tax farming the diamond necklace affair and the plans for the Assembly of Notables Moreover the nearly 200 letters from the king largely unpublished and still in the possession of the Vergennes family allow us for the first time to grasp the outlines of the king's mind and character his sense of humour his turn of phrase Hitherto fewer than fifty of his letters were known for the period before 1789 many of dubious authenticity Given Louis's extreme taciturnity and shyness it is simply not possible to know the man except through his letters These are more plentiful for the revolutionary period but Louis's character changed at that time he became more uxorious for example whereas before 1787 he had rigidly excluded Marie Antoinette from decision making In the earlier period with which this book is concerned Louis was also harder more decisive more on top of his subject foreign policy which itself was later displaced as his main concern The letters are set in context throughout with extracts from the diplomatic despatches which generate most of them and the foreign policy of the reign up to the Revolution is reassessed in a substantial introductory essay

A History of the Habsburg Empire, 1700-1918 Jean Bérenger, 1997 This is the second volume of Berenger's history of the Habsburg Empire The work explores the complex relationships of the ethnic groups within the Empire particularly the Czechs and the Hungarians and shows how the dynasty survived and gained strength before World War I

Bibliographic Index, 1994

Bibliographie Internationale Des Recensions de la Littérature Savante, 1997 Art and Religion in Eighteenth-Century Europe Nigel Aston, 2009-07-15 Annotation Eighteenth century Europe witnessed monumental upheavals in both the Catholic and Protestant faiths and the repercussions rippled down to the churches religious art forms In this major new study Nigel Aston chronicles the intertwining of cultural and institutional turmoil during this pivotal century The sustained production and popularity of religious art in the face of competition from increasingly prevalent secular artworks lies at the heart of this book Religious art staked out new spaces of display in state institutions palaces and private collections as well as taking advantage of state patronage from monarchs such as Louis XIV and George III who funded religious art in an effort to enhance their national projects and monarchical prestige Aston explores the motivations of private collectors and how they exhibited their artworks and analyses changing Catholic and Protestant attitudes toward art He examines purchases made by corporate patrons such as charity hospitals and religious confraternities and considers what this reveals about the changing religiosity of eighteenth century Europe An in depth historical study Art and Religion in Eighteenth century Europe will be essential for art history and religious studies scholars alike
