

# One-Word Essays

The good thing about one word essays is that you can write it as a narrative, as an inspirational essay or as an essay describing an attribute of life.

## **Starting the essay:**

- Add a quote relevant to the topic, it generally helps. Don't just make up famous quotes, if you know a quote then add it, if you don't then no problem.
- Start the essay in a open manner, describe the word and it's importance (if you're not going towards narrative style). For example: *"Dreams – Dreams are an essential part of life, they are a collection of all the emotions and sensations of a person gathered into a real life play"*

## **Main body:**

The main body should be composed of how the attributes work as an inspirational, important part of life. For example, *"Dreams act as an inspiration for people. Everyone dreams about what is hidden deep within their minds, something they desire, something they strive for. When a person dreams about something he/she wants, he/she feels rejuvenated and inspired to do something to fulfil his dream"*.

## **Conclusion:**

Summarize you're thoughts about the matter and finish with a strong sentence. For Example *"Imagine a person who does not dream – how envious he would feel, nothing to aim at, nothing to be inspired by"*

Generally, one word essays can be very open but tough to write. You need to put in a lot of thought into the essay and hence the plan is very essential. Take your time and plan out how you will approach the essay and then write an interesting, factual account on the topic.

If you're writing narratives on a One Word Essay, go for stories like "Success Stories", "How Dreams Turned into Reality".
