Understanding Life After Death Cyrus

Kirkpatrick, 2015-09-06 A life-long exploration of the mysterious world of afterlife research has led to this book. The notion of a world beyond this one is firmly rooted into our popular culture as countless strange phenomena in life point us toward this direction, from hauntings to near-death experiences and many more encounters with the beyond. By venturing all the way through this rabbit hole, Cyrus Kirkpatrick has come out from the other end still with his marbles intact and with the intention of finally putting all the pieces together to describe the reality behind what appears to be a multi-planar universe that we all exist as part of. A topic that must be ultimately rooted in science and not the New Age aisle. **Understanding Life After Death** is hopefully an attempt to push the subject in the right direction.

The Afterlife of Billy Fingers Kagan,

Annie, 2013-03-01 Billy's ongoing after-death communications take his sister on an unprecedented journey into the bliss and wonder of life beyond death.

Life After Life After Life... . Dexter Covell,

2012-04-18 The book you should read before your death. The subject of death is something that most of us would rather not consider, but it is the one major event we all share with no exceptions. This is so because the death experience has often been portrayed in frightening or painful terms, but it needn't be, and in fact it is neither. Come along with us as we follow one of my ancestors through his accidental death at a young age, his subsequent trip to Heaven, his time spent in Heaven, and his eventual reincarnation back to life on Earth. You will see that far from being a frightening place, Heaven is a true paradise and the time spent there is rewarding and educational and totally pleasant; it is a place of never-ending bliss.

Afterlife Carol Neiman, Emily Goldman, 1994
