complicated world of love and power where desire makes it difficult to tell the difference between trust and control Where strength and weakness live together The story is about how exciting desire can be and how painful it can be to lie In the end though it s about a woman learning what she s worth in the middle of a relationship that offered her everything but cost her almost everything The first time Emily met Alex she thought he was the man of her dreams Like Emily he was strong attractive and driven Because of him her world was full of new options She got closer to the life she had always dreamed of with every whispered promise and big dream But she didn t see the negative side of his charm As she moved up in his world she didn t notice how tight his grip got on her She slowly forgot who she was His will so transformed her goals that she hardly recognized the person she had become Desire is beautiful but it can also be dangerous Emily must first succumb to a spell and then defeat it She starts to fix herself as soon as she understands how much Alex s love really costs She puts herself back together and finds a power she didn t know she had Serenade of Midnight Desire tells her story People who are strong and brave enough to leave show how powerful freedom can be at the start of self discovery Beginning The city lights went on and on along the horizon sparkling like stars stuck in the stillness of midnight Emily looked out the window of her high rise apartment at the scenery that used to make her feel like she could do anything But tonight it felt far away and almost empty like the hopes it had once promised were just dreams She ran her fingers along the glass and saw herself in the mirror The woman she saw had changed but it had cost her something She was a bright eyed dreamer drawn to this city s promise of success and a love that seemed to give her everything before she arrived A guy whose power and charm had made her feel both safe and excited lost her somewhere along the way As quickly as Alex came into her life he swept her into a world ruled by ambition and desire it was his job to shape that world She was excited about the future he painted with his quiet words and long looks for a while and she was ready to lose herself in him He was interested in her saw how she could help him and promised her a place with him However he bound his offer to her with invisible chains The grip got tighter as she got closer to him What had once felt like love had transformed into a darker sensation a shadow that diminished her brightness and left her questioning her identity She didn t know she had a choice until she had reached the end of herself and stared into the darkness of what she had become She could stay in the world he made for her or she could take back her life her freedom and her dreams It wasn t simple to leave though She had to face how weak she really was accept the consequences of her choices and find the strength to break free from a guy who had once held her heart and soul Emily felt the weight of her trip settle into her as she took one last look at the city It was a story of love and loss ambition and betrayal but in the end it was a journey to find herself She had survived the fall and would rise stronger Emily took a deep breath and walked away from the window As she did her image faded as she walked toward the future she was finally ready to embrace one that would be shaped by her own ideas not someone else s
