Photography and Your Digital World Peter Cope,2006 Following the highly successful Digital Photography Manual the complementary Photography and Your Digital World concentrates on image editing and image manipulation to provide a

complete resource aimed at all levels of expertise Highly practical with a results oriented approach the book looks at image creation from both a photographic and artistic viewpoint The creation of images is examined holistically all the components of the process including the original image the software tools and the user s skill and creativity are examined and seen to contribute to the end result Techniques and effects are given in the context of producing exemplary results and creative solutions are presented for typical imaging problems Taking a generic approach to software packages wherever possible the low emphasis on individual software packages will prevent this title from dating quickly allowing it to retain credibility as new software is developed

iPod & iTunes J. D. Biersdorfer, 2006 When Apple introduced the iPod in 2001 CEO Steve Jobs declared listening to music will never be the same again He was right on the money The iPod grabbed attention right away and by the end of 2005 more than 41 million of them had sold iPod is the dominant digital music player on the market and for the first time Apple gets to feel like Microsoft iPod steadily evolved through five generations since then and today the dynasty ranges from a screenless 512 megabyte version that can hold plenty of songs for your gym routine to a 60 gigabyte multimedia jukebox that can spin out an entire season of Desperate Housewives along with thousands of color photos and all that colorful music An iPod is many things to many people but it can be much more than most people realize That s where iPod iTunes The Missing Manual comes in Like the device itself this book is a long running bestseller now in its fourth edition What makes it so popular is the wealth of useful information it brings to anyone who breaks open iPod s distinctive packaging especially since Apple doesn t supply a manual of its own Once again we ve updated this guide to fully explain the ins and outs of iPod including the nano the shuffle and all the latest features and uses such as The 5th generation Video iPod which can hold 15 000 songs 25 000 photos and 150 hours of video iTunes 6 where you can buy tunes subscribe to Podcasts tune into internet radio download videos build playlists and more Going beyond the music to use iPod as an external drive an eBook a personal organizer a GameBoy and a slide projector Extreme iPodding with shareware and AppleScripts using an iPod with external speakers including the car stereo accessories and troubleshooting It s been five years since iPod hit the scene but clearly the evolution has only just begun iPod iTunes The Missing Manual gives you everything you need to evolve with it
