Albert de LUZE

La Magnifique Histoire Du Jeu De Paume:

The Art of Conjecturing, Together with Letter to a Friend on Sets in Court Tennis Jacob Bernoulli, 2006 Part I reprints and reworks Huygens's On Reckoning in Games of Chance Part II offers a thorough treatment of the mathematics of combinations and permutations including the numbers since known as Bernoulli numbers In Part III Bernoulli solves more complicated problems of games of chance using that mathematics In the final part Bernoulli's crowning achievement in mathematical probability becomes manifest he applies the mathematics of games of chance to the problems of epistemic probability in civil moral and economic matters proving what we now know as the weak law of large numbers **Early**

Modern Eyes Walter Simon Melion, Lee Palmer Wandel, 2010 Drawing on optic theory ethnography and the visual cultures of Christianity this volume explores various discourses of vision in early modern Europe and the colonial Americas **La**

Sports and Physical Exercise in Early Modern Culture Rebekka von Mallinckrodt, Angela Schattner, 2017-05-15 It is often assumed that a recognisably modern sporting culture did not emerge until the eighteenth century The plethora of physical training and games that existed before 1700 tend to fall victim to rigid historical boundaries drawn between modern and pre modern sports which are concerned primarily with levels of regulation organization and competitiveness Adopting a much broader and culturally based approach the essays in this collection offer an alternative view of sport in the early modern period Taking into account a variety of competitive as well as non competitive forms of sport physical training and games the collection situates these types of activities as institutions in their own right within the socio cultural context of early modern Europe Treating the period not only as a precursor of modern developments but as an independent and formative era the essays engage with overlooked topics and sources such as court records self narratives and visual materials and with contemporary discussions about space gender and postcolonial studies By allowing for this increased contextualization of sport the collection is able to integrate it into more general historical questions and approaches The volume underlines how developments in early modern sport influenced later developments whilst at the same time being thoroughly shaped by contemporary notions of the body status and honour These notions influenced not only the contemporary sporting fashion but the adoption of sports in elite education the use of sports facilities training methods and modes of competition thus offering a more integrated idea of the place of sport in early modern society **Playing at Monarchy** Corry Cropper, 2008-01-01

Playing at Monarchy looks at the ways sports and games tennis fencing bullfighting chess trictrac hunting and the Olympics are metaphorically used to defend and subvert to praise and mock both class and political power structures in nineteenth century France Corry Cropper examines what shaped these games of the nineteenth century and how they appeared as allegory in French literature in the fiction of Balzac M r r m e and Flaubert and in newspapers historical studies and even

game manuals Throughout he shows how the representation of play in all types of literature mirrors the most important social and political rifts in postrevolutionary France while also serving as propaganda for competing political agendas Though its focus is on France Playing at Monarchy hints at the way these nineteenth century developments inform perceptions of sport even today JEUX, GYMNASIQUE ET SPORTS DANS LE VAR (1860-1940) Jean-Claude Gaugain, 2000-10-01 Les nombreux jeux et affrontements traditionnels rep rables lors des f tes locales et d crits par les administrateurs les rudits et les voyageurs laissent progressivement la place aux sports modernes sous la Troisi me R publique au moment ou l conomie et la soci t varoises se transforment Dans le Var o la sociabilit tait d j foisonnante au milieu du XXe si cle les associations sportives se multiplient et regroupent des milliers de jeunes gens Le sport d abord d lassement de couches sociales ais es se popularise devient vite un enjeu et veille l attention des hommes politiques et des aspirants l dilit Ludica ,1997 **Les comédiens français du XVIIe siècle** Georges Mongrédien, Jean Robert, 1981 Les Livres du mois ,1929 Catalog of Printed Books of the Folger Shakespeare Library, Washington, D.C.
