cannot be imprisoned within the icy morbid notion of pure structure or autonomous discourse Yet if musical works are not a cipher awaiting the decoder music is nonetheless entwined with human experience and with the physical material reality of music in performance Music is ineffable as Jank l vitch puts it because it cannot be pinned down and has a capacity to engender limitless resonance in several domains Jank l vitch s singular work on music was central to such figures as Roland Barthes and Catherine Cl ment and the complex textures and rhythms of his lyrical prose sound a unique note until recently seldom heard outside the francophone world
