Préscolaire

L'école fait de l'éducation à la sexualité depuis près de 40 ans au Québec

L'école québécoise a une responsabilité en matière d'éducation à la sexualité depuis près de 40 ans. Cette responsabilité a d'abord été assumée au moyen du cours Formation personnelle et sociale. L'éducation à la sexualité est encore plus nécessaire aujourd'hui qu'au moment où elle a été introduite à l'école, dans les années 80. Le contexte social actuel, marqué par de nouvelles réalités technologiques, renforce la nécessité d'agir.

L'éducation à la sexualité est essentielle au développement harmonieux des enfants et des adolescents. C'est pourquoi des contenus en éducation à la sexualité deviennent obligatoires pour tous, du primaire jusqu'à la fin du secondaire. Le Ministère souhaite ainsi s'assurer que tous les élèves du Québec aient accès à une éducation à la sexualité adaptée à leur âge et à leur niveau de développement.

Des contenus respectueux de l'âge et du niveau de développement

Le Ministère a défini les contenus à couvrir chaque année. Ils sont répartis de manière à répondre aux besoins des élèves au fur et à mesure qu'ils grandissent. Les contenus sont offerts sans qu'une nouvelle matière ne soit créée et ne sont pas évalués.

Au préscolaire, les contenus d'éducation à la sexualité ne sont pas obligatoires, mais sont disponibles et peuvent être offerts aux élèves. L'éducation à la sexualité dans les classes d'éducation préscolaire permet aux élèves de mieux connaître et apprécier leur corps. Elle leur permet aussi d'acquérir des connaissances sur la grossesse et la naissance.

La sexualité est au cœur de l'identité de chaque personne, de sa relation à l'autre, de son épanouissement et de son bien-être.

La sexualité ne se limite donc pas aux comportements sexuels.

L'éducation à la sexualité

L'éducation à la sexualité privilégie une vision globale et positive de la sexualité. Elle permet d'acquérir des connaissances, mais aussi de développer des attitudes et des comportements respectueux et égaux. L'éducation à la sexualité s'appuie sur des valeurs telles que l'égalité des femmes et des hommes, le respect de la diversité, le respect de l'intégrité physique et psychique des personnes, le sens des responsabilités et le bien-être.

Le personnel des écoles possède déjà des compétences utiles pour faire de l'éducation à la sexualité : connaissance des élèves, de leur psychologie, des situations qu'ils vivent quotidiennement dans l'école. Cette expertise sera mise à profit en éducation à la sexualité. En plus de connaître le développement de leurs élèves, les enseignants entretiennent une relation significative avec eux, détiennent une expertise pédagogique, possèdent l'expérience et la sensibilité nécessaires qui aident à créer un climat d'échange respectueux et à choisir le bon moment pour intervenir en éducation à la sexualité.
