incorrect answer choices you will see when taking the Series 65 exam Be sure to keep a notebook filled with all that you learn from working the questions and reading the helpful explanations that follow For an extra edge try writing your own variations of practice questions in this same notebook something our tutoring clients have found extremely helpful Pass the 65 is your guide to a passing score on the Series 65 exam This textbook is at the same time in depth and easy to read We don't skimp on the details found on the NASAA outline Rather we skimp on the filler found in many of the more tedious license exam manuals on the market To give yourself an edge on this difficult license exam buy this book and then go to www.examzone.com to purchase the Pass the 65 Practice Exam Question Bank and other Series 65 study materials This test is not easy The best time to get started is now
