Journeys Curriculum Guide:

Journey to the Edge of the Woods Christine Graef, 2015-04-20 The prophet Jeremiah mourning his people in the city of Zion spoke of the balm that could heal them He foresaw the physician and he asked Why then is not the health of the daughter of my people recovered The message of Jesus has been in North America for centuries yet past history with the first nations of the land has left many native people thinking they have to choose either to be an Indian or to believe in Jesus Jeremiah said The harvest is past the summer is ended and we are not saved How then do we bring the balm of Gilead to the most oppressed group on the continent where women and children are suffering the highest rates of violence When Jesus forgave a prostitute when he offered living waters to the woman at the well who had six failed relationships and when he healed a crippled woman he showed us how he would build his church from the brokenhearted among all people Journey to the Edge of the Woods visits women sharing concern over the degradation of our daughters sisters mothers and friends in a world of intensifying confusion of the creation of male and female identities Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1978 Take the Journey James A. Percoco, 2017-03 In Take the Journey author historian and educator James Percoco invites you and your students to the places where many events in American history happened The Journey Through Hallowed Ground is a 180 mile National Heritage area encompassing such historic sites as the Gettysburg battlefield and Thomas Jefferson s home Monticello Though it might prove difficult to visit these particular sites with your students Percoco argues that every community has a story that can be connected to larger themes in American history and that placed based history education can be made a part of every classroom from Nevada to Washington to Pennsylvania Filled with students voices and an enthusiasm for American history Take the Journey offers the following Practical and easy to implement lessons Classroom tested materials Specific directions for employing place based best practices in the classroom Ways to meet state standards without sacrificing teacher creativity or hands on learning Lists of resources and primary source materials So bring your students along and let them discover the twists and turns offered by history and the Journey Through Hallowed Ground The Journey from Music Student to Teacher Michael Raiber, David Teachout, 2014-01-03 From Music Student to Teacher A Professional Approach helps prospective music educators begin their transition from music student to professional music teacher The text uniquely works to build upon the individual s personal experience to enhance their approach to the profession The authors help students first recognize their personal perspectives of the profession and uncover the assumptions they have concerning learning and teaching They are then prepared to make mindful informed decisions about their professional education The topics and activities are deliberately organized to help the reader think as a professional rather than a student Divided into three parts a discovery of self b discovery of teaching and c discovery of learners The three parts address the primary stages of teacher development Within each part readers are connected to the theoretical foundations of the text and the process of becoming an insider to the profession From Music

Student to Teacher A Professional Approach incorporates online resources and tools that are already familiar to students in their world of networking through social media Features include Social networking activities to aid self reflection and discussion Connecting to the Profession sections that provide resources which help to bridge the gap between theory and practice Discussion and glossary that provide a solid base in professional terminology An integrated companion website including videos of teaching practice and further activities for self reflection plus instructor material Michael A Raiber is Professor of Music Education at Oklahoma City University David J Teachout is Associate Professor and Department Head of Music Education at the University of North Carolina Greensboro
