Migration And Health A Research Methods Handbook:

Migration and Health Marc B. Schenker, X-chitl Castañeda, Alfonso Rodríguez-Lainz, 2014-10-24 This path breaking handbook is the first to engage with the many unique issues that arise in the study of migrant communities offering a comprehensive description of quantitative and qualitative methodologies useful in work with migrant populations

Simultaneous eBook *Handbook of Research Methods in Migration* William L. Allen, Carlos Vargas-Silva, 2024-10-03 In this thoroughly revised and updated second edition William Allen and Carlos Vargas Silva bring together a diverse range of experts to explore the latest research methods in migration studies taking stock of major changes that have been salient for migration research as well as the social sciences more broadly in the last decade Spanning a variety of different methodologies this second edition of the Handbook of Research Methods in Migration provides practical guidance on designing completing and communicating migration research considering diverse audiences including migrants themselves This title contains one or more Open Access chapters

Handbook of Research Methods in Migration Carlos Vargas-Silva, 2012-01-01 Covering both qualitative and quantitative topics the expert contributors in this Handbook explore fundamental issues of scientific logic methodology and methods through to practical applications of different techniques and approaches in migration research The chapters of this interdisciplinary Handbook maintain an introductory level of discussion on migration research methods while providing readers with references necessary for those wishing to go deeper into the topic Using a combination of concepts and techniques with research experiences from the field this Handbook will prove to be an invaluable guide Master level students and academics in migration related programs will find this compendium a useful and stimulating resource It also discusses issues relating to the collection of data on migrants including topics such as survey designs interviewing techniques and ethical issues that policymakers and government employees will find informative

Advisory Board Professor Stephen Castles Professor Robin Cohen Professor Josh DeWind Professor Rael Delgado Wise

Ethnographic Refusals, Unruly Latinidades Alex E. Chavéz, Gina M. Pérez, 2022-04-01 The contributors in *Ethnographic Refusals, Unruly Latinidades* highlight the value of radical inclusion in their research and call for a critical self reflexivity that marshals the power of bearing witness to move from rhetoric to praxis in support of these methodologies within anthropological perspectives The essays in this collection do not offer simple solutions to histories of colonialism patriarchy and misogyny through which gender binaries and racial hierarches have been imposed and reproduced but rather provide a crucial opportunity for reflection on and continued reimagination of the contours of Latinidad These scholars deploy Latinx strategically as part of ongoing dialogues understanding that their terminologies are inherently imprecise contested and constantly shifting Each chapter explores how Latinx ethnographers and interlocutors work together in contexts of refusal ever mindful of how power shapes these encounters and the analyses that emerge from them as well as the extraordinary possibilities offered by ethnography and its role in ongoing social transformation
