Judith Butler Trouble Dans Le Sujet Trouble Dans Les Normes:

Judith Butler Fabienne Brugère, Guillaume Le Blanc, 2009 Il n'existe ni fondement naturel des normes ni fondement culturel Produites dans la vie sociale incorporées et rejouées dans la vie psychique elles n'admettent aucune fondation qui les extirperait du pouvoir de leur représentation aussi les sujets se regroupent-ils sur des règles qui ne sont régies sur rien d'autre que leur seule représentation Cette contingence des normes est sans appel pour les sujets qui sont pris en elles et se trouvent dès lors durablement assujettis Cette violence inaugurale peut-elle être surmontée par quelque contestation Tel est bien le centre de gravité de la pensée de Judith Butler qui se propose la fois de malmener le sujet pris dans le quadrillage densifié des relations de pouvoir et les normes en tant qu'elles sont différées ou contestées par des pratiques de vie Si la philosophe américaine est principalement connue en France pour avoir relancé la problématique féministe à partir d'une contestation de l'hégémonie de la différence des sexes interprétée en différence de genres la contestation de l'ordre stabilisé des genres participe d'une analyse renouvelée de l'emprise des relations de pouvoir sur les vies et des formes d'aliénation mentale qui lui sont liées Il en résulte un trouble dans les normes qui vaut également comme un trouble dans le sujet marqué la fois par l'imminence de la rage contestataire et l'exposition à la mélancolie

Metaphysics and Gender: The Normative Art of Nature and Its Human Imitations Michele Schumacher, 2023-03-07 The emergent science of transgenderism and related philosophies of gender propose a full scale inversion of the understanding of

God man and the created order articulated in classical metaphysics undermining and parodying both the causality and ontology voiced by Genesis 1 27 God created man in His own image male and female He created them Whether through subversive performative identity or by surgical sex change the divinely made human person is now threatened with abolition and replacement by the self made man and the man made woman In Metaphysics and Gender Michele M Schumacher offers a corrective to this distorted and distorting outlook calling for the recovery of an anthropological vision rooted in recognition of the normative divine art of nature and of the likeness and far greater unlikeness between divine and human causality Surveying contemporary transgender trends Schumacher identifies and excavates their conceptual and ideological foundations in the gender theory of Judith Butler the existentialist feminism of Simone de Beauvoir and the atheistic existentialism of Jean Paul Sartre To the erroneous philosophical presuppositions of these thinkers Schumacher contrasts the metaphysically grounded thought of Aristotle and Thomas Aquinas advancing their positive account of the good of creation and of the meaning of ethical norms human freedom and natural inclinations and embodiment and mounting a timely and trenchant defense of the divinely created human person

Littérature, 2006 Le moment du vivant Arnaud François, Frédéric Worms, 2016 Le problème du vivant n'est plus un problème local il traverse et bouscule tous les domaines depuis les fondements de l'esprit dans le cerveau jusqu'à la préservation de la vie dans l'univers en passant par le rapport de l'homme et de l'animal le soin et le pouvoir la littérature et l'art. Mais rien ne serait plus trompeur que d'y voir une évidence réductrice de la pensée aux neurones de l'histoire la survie de l'éthique la bioéthique de la littérature la biographie etc. C'est comme traverser une diversité d'approches nouvelles que se constitue le moment philosophique scientifique et historique du vivant. Le but de ce livre est d'explorer ce domaine c'est-à-dire non seulement d'en donner une carte mais de le parcourir en acte de la métaphysique l'esthétique en passant par la biologie l'anthropologie l'éthique et la politique. Ce ne sont pas des études sur le vivant comme objet extérieur mais des interventions engagées et constituant ce moment par leurs relations elles-mêmes. Arnaud François est professeur de philosophie à l'université de Poitiers spécialiste de philosophie française et allemande de la vie et du vivant auteur notamment de Bergson Schopenhauer Nietzsche PUF 2009 Page 4 of cover *Politiques de la représentation et de l'identité* Madeleine Akrich Danielle Chabaud-Rychter et Delphine Gardey, 2005-03-01 Ce numéro est consacré aux gender cultural et queer studies la façon dont elles bousculent et interrogent nos disciplines. D'une contribution à l'autre d'un déplacement à l'autre des voies des modes de théorisation et d'action pour saper les mises en ordre du monde instituées se dessinent et multiplient des formes de vie et dessinant des micropolitiques qui visent transformer la représentation les normes et le sens.
