Lunch In A Flash Fast Food From Home:

Lunch in a Flash Amy Clark, 2014-11-30 One of the reasons we love to spend our money on greasy fast food is because of how quickly we can get it. We don't have to spend a lot of time preparing food when we can swing by a drive through and immediately have an entire meal brought out for us. Unfortunately when done too often constantly purchasing fast food can take a big chunk out of our pockets and our health. Lunch in a Flash is the perfect alternative to buying your lunch every day. It offers a way to save your wallet, your health and your taste buds because the same lunch menu everyday does get a bit repetitive. The book offers a wide variety of ways to create your own healthy lunch so you'll be able to look forward to trying out your new lunch whether you're at home or stuck in the office. Of course our schedules change from day to day. One day you may have plenty of time to sit down and create a large lunch that you can pack away from the next few days. Other times you'll barely be able to gather enough time to scrape out a meager quick lunch or sandwich. That's why the book offers lunch ideas with a variety of preparation times so you'll be able to make a great tasting lunch for yourself or others no matter how long you have.

Dinner in a Flash Fast Food From Home with 30 minute meals is the savior to moments like this. Almost every dinner recipe mentioned in this book can be fixed in 30 minutes or less and that's from start to table. That's better than the time it would take to drive to a fast food restaurant and wait for your order. Even better the number of dishes used has been kept to a minimum so you can spend less time cleaning and more time eating. Recipes include a recipe for the classic chicken and rice combination, a quick way to
