Millions of people around the world have reported a near death experience. Do these accounts prove the existence of a loving God? Never in history until now have we been able to hear from so many people around the world who have been brought back from clinical death. Modern medical resuscitation and digital communication have revealed a gold mine of intriguing near death experiences. NDEs. John Burke has spent the last three decades studying the commonalities of more than one thousand NDEs. He started his investigative journey as a skeptical agnostic when his own father was dying from cancer. After he first read these eyewitness accounts, he couldn t help asking himself: Could this be real evidence, even possible proof of God s existence? In this book, you will hear from nearly seventy people from every continent who have died, resuscitated, and claimed to be more alive than ever in the presence of a loving God. They never wanted to leave. People of all ethnicities, faith backgrounds, and professions, including doctors, engineers, and CEOs, experience the same God. John Burke unveils the love story and characteristics of this God of all nations revealed throughout history in Scripture, now illustrated by these thrilling encounters. You will realize that God s love, power, compassion, friendship, and guidance are closer than you could ever imagine. And for such a time as this, people need to know that a loving God is within their reach.

Jews, Food, and Spain Hélène Jawhara Piñer, 2022-11-22. 2023 Gourmand World Cookbook Awards Best Jewish Food Culture Book. 2022 National Jewish Book Award Finalist. A fascinating study that will appeal to both culinarians and readers interested in the intersecting histories of food, Sephardic Jewish culture, and the Mediterranean world of Iberia and northern Africa. In the absence of any Jewish cookbook from the pre-1492 era, it requires arduous research and a creative but

disciplined imagination to reconstruct Sephardic tastes from the past and their survival and transmission in communities around the Mediterranean in the early modern period followed by the even more extensive diaspora in the New World In this intricate and absorbing study H l ne Jawhara Pi er presents readers with the dishes ingredients techniques and aesthetic principles that make up a sophisticated and attractive cuisine one that has had a mostly unremarked influence on modern Spanish and Portuguese recipes **Smarter Crowdsourcing for Anti-Corruption** Beth Simone Noveck,Kaitlin
