LIFE ORIENTATION MARKING GUIDE

INSTRUCTIONS TO MARKERS

1. Please mark according to the provincial examination guideline.
2. Consider all realistic / relevant answers.
3. Do not expand the memorandum with your own answers as this is a common provincial task and should assist in fair and valid assessment across the province.
4. Adhere to the memorandum throughout the marking process as the questions are content specific and answers should reflect the content taught and assessed.
5. Mark accurately and always check all calculations and transfer of marks.
6. At least 10% of all answer scripts should be remarked by the HOD / senior teacher as part of the post-moderation process.
7. Remember we are working with learners' futures, so let us be fair, valid and just in assessing their work.

This marking guide consists of 7 pages.

Life Orientation June Examination Paper 2014:

Capturing Social and Behavioral Domains and Measures in Electronic Health Records Institute of Medicine, Board on Population Health and Public Health Practice, Committee on the Recommended Social and Behavioral Domains and Measures for Electronic Health Records, 2015-01-08 Determinants of health like physical activity levels and living conditions have traditionally been the concern of public health and have not been linked closely to clinical practice. However, if standardized social and behavioral data can be incorporated into patient electronic health records (EHRs), those data can provide crucial information about factors that influence health and the effectiveness of treatment. Such information is useful for diagnosis, treatment choices, policy, health care system design, and innovations to improve health outcomes and reduce health care costs. **Capturing Social and Behavioral Domains and Measures in Electronic Health Records Phase 2** identifies domains and measures that capture the social determinants of health to inform the development of recommendations for the meaningful use of EHRs. This report is the second part of a two-part study. The Phase 1 report identified 17 domains for inclusion in EHRs. This report pinpoints 12 measures related to 11 of the initial domains and considers the implications of incorporating them into all EHRs. This book includes three chapters from the Phase 1 report in addition to the new Phase 2 material. Standardized use of EHRs that include social and behavioral domains could provide better patient care, improve population health, and enable more informative research. The recommendations of **Capturing Social and Behavioral Domains and Measures in Electronic Health Records Phase 2** will provide valuable information on which to base problem identification, clinical diagnoses, patient treatment outcomes assessment, and population health measurement.

PGT Commerce Chapter-wise Question Bank - Unit 7: Business Management Dheeraj Kumar Singh, *Urban Spaces and Gender in Asia* Divya Upadhyaya Joshi, Caroline Brassard, 2020-04-29 Exploring the relationship between place and identity, this book gathers 30 papers that highlight experiences from throughout the Asia Pacific region. The countries profiled include China, India, Japan, Indonesia, and Thailand. Readers will gain a better understanding of how urbanization is affecting gender equity in Asian Pacific cities in the 21st century. The contributing authors examine the practical implications of urban development and link them with the broader perspective of urban ecology. They consider how visceral experiences connect with structural and discursive spheres. Further, they investigate how multiple interconnected relations of power shape gender in equity in urban ecologies and address such issues as construction of Kawaii as an idealized femininity, diversity among homosexuals in urban India, and single women and

rental housing In turn the authors present hitherto unexplored sub themes from historiography and existentialist literary perspectives and share a vast range of multi disciplinary views on issues concerning gendered dispossession due to the impact of urban policy and governance The topics covered include socio spatial and ethnic segregation in urban spaces intersections of gender race ethnicity nationality religion and caste in urban spaces and identity based marginalization including that of LGBT groups Overall the book brings together perspectives from the humanities and the social sciences and represents a valuable contribution to the vital theoretical and practical debates on urbanism and gender equity The Way We Never Were Stephanie Coontz,2016-03-29 The definitive edition of the classic myth shattering history of the American family Leave It to Beaver was not a documentary a man s home has never been his castle the male breadwinner marriage is the least traditional family in history and rape and sexual assault were far higher in the 1970s than they are today In The Way We Never Were acclaimed historian Stephanie Coontz examines two centuries of the American family sweeping away misconceptions about the past that cloud current debates about domestic life The 1950s do not present a workable model of how to conduct our personal lives today Coontz argues and neither does any other era from our cultural past This revised edition includes a new introduction and epilogue exploring how the clash between growing gender equality and rising economic inequality is reshaping family life marriage and male female relationships in our modern era More relevant than ever The Way We Never Were is a potent corrective to dangerous nostalgia for an American tradition that never really existed **Understanding Women's Entrepreneurship in a Gendered Context** Shumaila Yousafzai,Alain Fayolle,Saadat Saeed,Colette Henry,Adam Lindgreen,2021-05-13 Women entrepreneurs are indeed a formidable force of economic growth and social change though we still often question the how and why For the readers who seek to understand the spectrum of gender influences in the context of entrepreneurship Understanding Women s Entrepreneurship in a Gendered Context Influences and Restraints widens the contextual focus of women s entrepreneurship and entrepreneurship research by providing powerful insights into the influences and restraints within a diverse set of gendered contexts including social political institutional religious patriarchal cultural family and economic in which female entrepreneurs around the world operate their businesses From recognition of a seventh century businesswoman in Mecca to the construction of a gendered scientific Business Model Canvas this collection of studies will inspire readers to think differently about theory patriarchy trade systems adoption or transformation and strategies to create inclusive entrepreneurial ecosystems In doing so the contributing authors demonstrate not only the importance of studying the contexts in which women s entrepreneurial activities are shaped but also how female entrepreneurs through their endeavours modify these contexts This book will be of great value to scholars students and researchers interested in women s entrepreneurship entrepreneurial ecosystems gender hierarchy and the transition to gender equality It was originally published as a special issue of Entrepreneurship Regional Development Geoethics G.
