Publisher's description

A Multicultural Entrapment Michael Karayanni, 2020-12-17 The religion and state debate in Israel has overlooked the Palestinian Arab religious communities and their members focusing almost exclusively on Jewish religious institutions and norms and Jewish majority members Because religion and state debates in many other countries are defined largely by minority religions issues the debate in Israel is anomalous Michael Karayanni advances a legal matrix that explains this anomaly by referencing specific constitutional values At the same time he also takes a critical look at these values and presents the argument that what might be seen as liberal and multicultural is at its core just as illiberal and coercive In making this argument A Multicultural Entrapment suggests a set of multicultural qualifications by which one should judge whether a group based accommodation is of a multicultural nature
