(TS) Las Vegas is the most surreal city anywhere in the world. (CD) For instance, the center of the city is full of different kinds of buildings including a two-thirds scale Eiffel Tower, a giant black glass pyramid, a scaled-down replica of the New York skyline, and a faux Medieval castle. (CM) The whole place reminds me of a big amusement park like Disneyland with its different "lands." (CM) It's as if each building was constructed in isolation without any consideration of the other buildings. (CD) In addition, this center is surrounded by a sprawl of suburbs housing close to two million people and stretching out into the desert. (CM) I always wonder what made so many people want to live in such an inhospitable place. (CM) All those people and houses almost seem as if they traveled across the wasteland and gathered to pay homage to the weird buildings in the center. (CS) Las Vegas is such a strange city, it is hard to believe it actually exists unless you actually go there and experience it for yourself.
