## Janes Horde Leveling Guide:

Reality Is Broken Jane McGonigal, 2011-01-20 McGonigal is a clear methodical writer and her ideas are well argued. Assertions are backed by countless psychological studies. The Boston Globe Powerful and provocative McGonigal makes a persuasive case that games have a lot to teach us about how to make our lives and the world better. San Jose Mercury News Jane McGonigal's insights have the elegant compact deadly simplicity of plutonium and the same explosive force. Cory Doctorow author of Little Brother A visionary game designer reveals how we can harness the power of games to boost global happiness. With 174 million gamers in the United States alone we now live in a world where every generation will be a gamer generation. But why Jane McGonigal asks should games be used for escapist entertainment alone. In this groundbreaking book she shows how we can leverage the power of games to fix what is wrong with the real world from social problems like depression and obesity to global issues like poverty and climate change and introduces us to cutting edge games that are already changing the business education and nonprofit worlds. Written for gamers and non gamers alike Reality Is Broken shows that the future will belong to those who can understand design and play games. Jane McGonigal is also the author of SuperBetter A Revolutionary Approach to Getting Stronger Happier Braver and More Resilient **World of Warcraft**
