

4. Identify commonly used screening tools for intimate partner violence.
5. Identify commonly used screening questions for elder adult abuse.
6. Identify important elements of assessment for an abused person.
7. Discuss bruising in children and how it relates to their development level.
8. Identify some of the important elements of the child's medical history when assessing for suspected child maltreatment.
9. Discuss some of the long-term consequences of child maltreatment.
10. Identify risk factors that may contribute to child maltreatment.

### CRITICAL THINKING EXERCISES

1. Review laws in your state and at least 1 other state related to intimate partner violence, elder abuse, and child maltreatment. Do the laws between the states differ? Were you surprised by any of the laws or mandatory reporting regulations? Talk with at least 1 classmate and compare notes.
2. Identify community resources that help victims of intimate partner violence, elder abuse, and child maltreatment. Create a list of resources and identify any gaps. For example, your community may have a shelter for abused women and children yet lack adequate community resources for male or elderly victims of abuse.
