

## Machine Identification Plate

Your machine has an identification plate mounted as shown. The serial numbers of the machine and its major units are stamped on the plate.

NOTE

100000

1. Machine & Tire Size

100000

The serial number of each major unit is also stamped on the unit itself. If a major unit is replaced by a new unit, the serial number on the identification plate will be wrong. After stamping the new number of the unit on the identification plate, or correctly stamping out the old number, this will prevent the wrong unit number being quoted when replacement parts are ordered.

The machine and engine serial numbers can help identify exactly the type of equipment you have.

U.K. and E.O.W.
