

A photograph of a construction site showing several long, parallel concrete beams. Each beam is reinforced with numerous yellow-colored steel rebar protruding from its top surface. The beams are supported by a network of steel cables and pulleys, suggesting they are being moved or positioned for a bridge or elevated roadway. In the background, there is a dense line of green trees under a cloudy sky. To the right, a red crane is partially visible. The overall scene depicts the preparation of prestressed concrete components.
