Impact of Smart Technologies and Artificial Intelligence (AI) Paving Path Towards Interdisciplinary Research in the Fields of Engineering, Arts, Humanities, Commerce, Economics, Social Sciences, Law and Management - Challenges and Opportunities Dr. Sundari Suresh, Dr. S. Radha Rammohan, Dr. K. Bharath, This e ISBN collection of 34 chapters draws on the diverse insights of the opportunities and emerging challenges changes in the smart technologies and artificial intelligence AI paving path towards interdisciplinary research in the fields of Engineering Arts Humanities Commerce Economics Social Sciences Law and Management It offers decision makers a comprehensive picture of the impact of Smart technologies and Artificial Intelligence AI expected in the long term changes and inspiration to leverage the opportunities that offer to improve the state of education Academicians must find and establish a new equilibrium and a new normal for learning amid the present challenges *Optimum Size of Government Intervention* Ramesh Chandra Das, 2021-08-17 This book critically examines the optimum range and duration of government interventions in the economic activities of a modern state based on theoretical and empirical frameworks and assesses their role and extent in various economies With a special focus on emerging economies across the globe it discusses themes such as income growth social sector development good governance and economic progress threshold limits optimum budget policy and economic growth sustainable distributional managements in public projects food for work programs agricultural infrastructure development technological progress and economic growth and distributional equities The policy suggestions provided here offer helpful blueprints for developmental projects Rich in data and figures the book addresses sector specific case studies like healthcare irrigation and agriculture infrastructure taxation and economic growth and public sector enterprises It will be an excellent read for scholars and researchers of economics Indian economics macroeconomics political economy public policy political science and management development studies development economy and governance It will also be useful to policymakers administrative officials and government and corporate bodies Ensuring Animal Health and Other Services for Efficient and Inclusive Livestock Value Chains in LMICs Isabelle Baltenweck, Bernard Bett, Simeon Kaitibie, 2022-01-28 *Improved, extended, and total impact factor of a journal* Florentin Smarandache, 2021-06-03 In this short paper we recall the Garfield Impact Factor of a journal we improve and extend it and eventually we present the Total Impact Factor that reflects the most accurate impact factor *Journal Development* Ashok Yakkaldevi, **Multidimensional Journal Evaluation** Stefanie Haustein, 2012-04-26 Scientific communication depends primarily on publishing in journals The most important indicator to determine the influence of a journal is the Impact Factor Since this factor only measures the average number of citations per article in a certain time window it can be argued that it does not reflect the actual value of a periodical This book defines five dimensions which build a framework for a multidimensional method of journal evaluation The author is winner of the Eugene Garfield Doctoral Dissertation Scholarship 2011 **How to Publish a Scientific Paper in a High Impact Factor Journal** David

Smith,2018-05-02 High impact factor publications are absolutely necessary for advancing an academic science career but unless you are already part of an elite insider s club no one will help you succeed Public advice is generic and unhelpful because editorial gatekeepers will not openly admit that the publication system is unfairly biased against you Instead the myth of meritocracy promotes the false notion that great science is all you need to publish well Welcome to a realistic and practical look at how to publish your scientific paper in a high impact factor journal From designing your research proposal to writing a rebuttal this book discusses strategies for a top publication This is not another regurgitated book about writing scientific manuscripts This book covers the difficult parts that are left out or unspoken by others It fills in the missing gaps This book is not for researchers in well funded laboratories at top institutes who are already well versed in these issues This is a book for scientists everywhere else for the ones who may never have a fair chance but who still deserve the best chance

*Scientific Writing for Impact Factor Journals* Eric Lichtfouse,2013-01-01 Publish or Perish This old adage illustrates the importance of scientific communication essential to research it also represents a strategic sector for each country s competitiveness An often neglected topic scientific communication is of vital importance with new information technologies accelerating and profoundly changing how knowledge is disseminated The necessity of optimally disseminating experts findings has also become crucial to researchers institutes and universities alike which has prompted the recent advent of Impact Factors for the evaluation and financing of research the goal being for scientific knowledge to be equally distributed to a very broad audience especially to the media entrepreneurs and sociopolitical players This handbook presents the golden rules for publishing scientific articles In order to do away with major recurring errors the author explains how to easily structure an article and offers support for the typical mistakes made by native French speakers publishing in English tips on how to make the style more academic or more general to fit your intended readership and in the book s closing section suggests new publishing techniques of the Internet age such as the micro article which allows researchers to focus their findings into a single innovative point The major principles presented can be applied to a broad range of documents such as theses industry reports publicity texts letters of intent CVs resumes blogs and press releases as all of these documents involve presenting information on advances discoveries innovations or changes to our previous knowledge *Publishing*

*Journal Articles* Zheng Yan,2020-11-05 Using over fifty real life cases and Kahneman s intuitive judgement theory this book introduces the science of journal article publication [Does the Journal Impact Factor Help Make a Good Indicator of Academic Performance?](#) Sudhanshu K. Mishra,2010 Is journal impact factor a good measure of research merit This question has assumed a great importance after the notification of the University Grants Commission Minimum Qualifications for Appointment of Teachers and other Academic Staff in Universities and Colleges and Measures for the Maintenance of Standards in Higher Education Regulations 2009 on September 23rd 2009 Now publication of research papers articles in reputed journals has become an important factor in assessment of the academic performance of teachers in colleges and

universities in India One of the measures of reputation and academic standard rank or importance of a journal is the so called Impact Factor This study makes a detailed statistical analysis of Journal Impact Factors across the disciplines It finds that if journal impact factor is used to assess the academic performance of individuals for the purpose of selection promotion etc and it is not borne in mind that due to vast differences in the nature of distribution of impact factors across the disciplines they are not justifiably comparable a below average scholar in the one discipline will rank higher and will be honored and benefitted more than another scholar in some other discipline wherein the journal impact factor is adversely skewed It may be noted that in the university departments there are specializations with low impact factor journals and other specializations with very high impact factor journals But the teachers researchers of different specializations in the departments compete with each other for promotion In this milieu the researchers with an unfortunate specialization wherein the journal impact factor is mingy or adversely skewed would receive injustice is plainly predetermined Therefore a measure such as the h index which quantifies the quality as well as productivity of an individual author scholar would be more appropriate than the journal impact factor The h index may be fine tuned and hence the g index or Tol s index may be used Nevertheless even the h index and the Tol s index would not be appropriate to the purpose of inter disciplinary or inter specialization comparisons A more informed and balanced judgment of the expert committee for selection appointment and promotion purposes will continue to be extremely important Journal Impact Factor, Eigenfactor, Journal Influence and Article Influence Chia-Lin Chang,2012 **Modifications to the Journal Impact Factor**,2017 *What Makes a Great Journal Great in the Sciences?* Chia-Lin Chang,2010 *Journal Impact Factor Versus Eigenfactor and Article Influence* Chia-Lin Chang,2010

**What Editors Want** Philippa J. Benson,Susan C. Silver,2013 Research publications have always been key to building a successful career in science yet little if any formal guidance is offered to young scientists on how to get research papers peer reviewed accepted and published by leading scientific journals With *What Editors Want* Philippa J Benson and Susan C Silver two well respected editors from the science publishing community remedy that situation with a clear straightforward guide that will be of use to all scientists Benson and Silver instruct readers on how to identify the journals that are most likely to publish a given paper how to write an effective cover letter how to avoid common pitfalls of the submission process and how to effectively navigate the all important peer review process including dealing with revisions and rejection With supplemental advice from more than a dozen experts this book will equip scientists with the knowledge they need to usher their papers through publication *How Robust are Journal Rankings Based on the Impact Factor? LTIFI,2023 This book proposes a reference framework and guidelines to help researchers produce a manuscript of high scientific quality in order to meet the requirements of high impact journals and to succeed in their publication endeavours It offers a series of precise guidelines tips and tricks with a detailed description of the different steps to be taken to achieve a solid publication

with a high impact factor As such the book will be of interest to students and researchers alike *Research Counts, Not The Journal* Abambres M,Tiago Ribeiro,Ana Sousa,Eva Lantsoght,2019 If there is one thing every bibliometrician agrees is that you should never use the journal impact factor JIF to evaluate research performance for an article or an individual that is a mortal sin Few sentences could define so precisely the uses and misuses of the Journal Impact Factor JIF better than Anthony van Raan s This manuscript presents a critical overview on the international use by governments and institutions of the JIF and or journal indexing information for individual research quality assessment Interviews given by Nobel Laureates speaking on this matter are partially illustrated in this work Furthermore the authors propose complementary and alternative versions of the journal impact factor respectively named Complementary CIF and Timeless TIF Impact Factors aiming to better assess the average quality of a journal never of a paper or an author The idea behind impact factors is not useless it has just been misused **How are Journal Impact, Prestige and Article Influence Related?
