

Letter To My Senior Self

Write a letter to yourself as a senior in high school. In narrative form, I am asking that you write a letter to yourself that you will open when you graduate high school. I want you to capture a portrait of who you are now along with your goals for the future.

Some ideas of things that you could include:

- preparation for the first day
- impressions of classes and teachers
- extracurricular activities that you are involved in or that you want to get involved in
- differences between this school and the middle school

When you conclude your letter, I want you to predict what you want your legacy to be when you graduate. What do you hope to accomplish here? Will it be mostly personal accomplishments, or do you hope to make a difference to the school community? I realize this is the most difficult part of the assignment, but I'm hoping it will be fun for you as a senior to look back at your freshman self and see what you were like and how you have grown as a person.

In your writing, you want to make sure that you are being specific and writing with detail. Include sensory images and figurative language.
