Let It Rain:

Let it Rain! ,2018 Let It Rain Melvin Adams,2003 Man is a communal animal He enjoys and often seeks out friendship He bonds with his fellow man and woman out of an intrinsic desire for companionship For most men having this companionship and friendship in their lives is a natural part of their existence It helps to give them a sense of purpose and makes them feel more connected to their environment But what happens when a man s environment becomes one that places no value on friendship What happens when his environment becomes so harsh that it cherishes no bond What happens when friends lovers and even family are set against one another in a never ending struggle to survive What type of animal will man become then By following Money the central character in *Let it Rain* through the streets of his hood southern streets which once blossomed with hospitality we will see how the scourge of drugs and the lure of fast cars and even faster women transformed what was an environment of southern hospitality into an environment of southern hell We will see how Money and his three best friends Boe Black and Snake deal with the challenges of friendship loyalty love and responsibility We will watch while the desire to escape their chaotic environment transforms some from youngsters into men while others are transformed into monsters What would you do to gain and keep a Colombian drug connection that promised to make you richer than you had ever imagined Would you betray your friends and loved ones Ask yourself that question but don t try to answer it until after you have read *Let it Rain* It s like *Butter Baby*
