

# DARWIN & NATURAL SELECTION

## DARWIN & NATURAL SELECTION

Name: \_\_\_\_\_

Charles Darwin was a naturalist, which is a term used to describe someone who is fascinated by and interested in studying nature. Perhaps you are a naturalist too! Have you ever noticed the different kinds of bugs in your backyard or paid attention to the qualities of grass in different fields? If so, you'd find a friend in Darwin.

Darwin was only 22 years old when he was born of imaginations as they traveled around British naval vessel called the HMS Beagle primarily invited to keep the captain company during the long voyage to distant lands, rocks, plants, and animals.

On board, Darwin experienced terrible seasickness, but he recorded everything he saw and back to experts. Their journey lasted nearly to some conclusions that led to his legacy of all time.

### Darwin's Observations

Throughout his journey, Darwin made some developing his famous theory. He called it "the Theory of Evolution."

Darwin's most famous observations were the West coast of South America called the Galapagos Islands, which are located in the Pacific Ocean, about 1,000 miles from the coast of Ecuador.

### Darwin's Conclusions

Darwin noted that individuals on each island were suited for the food available on the island. Species survive in a particular environment.

## DARWIN & NATURAL SELECTION

Name: \_\_\_\_\_

Beaks. Bird who drank nectar had thin, long beaks.

Based on these observations, Darwin developed his ideas about a mechanism by which evolution could occur: **natural selection**. Natural selection is the process by which individuals who are best suited to their environment survive, reproduce, and pass on their traits to the next generation. Through this process, the best traits spread and become more common in a population, while less useful traits are eventually eliminated.

### Darwin's Prior Knowledge

In order to develop his ideas about evolution, Darwin had already known:

1. Variation: Traits

## DARWIN & NATURAL SELECTION

Name: \_\_\_\_\_

### The Importance of Diversity

In order for natural selection to happen, it's important that a population has a lot of

# GUIDED PRACTICE

## DARWIN & NATURAL SELECTION

Name: \_\_\_\_\_

Develop a definition for each of the following words.

Word	Definition
Evolution	
Natural Selection	
Adaptation	
Variety	
Overproduction	
Competition	
Reproductive Isolation	
Genetic Diversity	
Mutation	

1. Darwin's theory is sometimes called "descent with modification." What does "descent" mean?

2. Darwin did not call his theory "evolution." Why do you think he called it "descent with modification"?

## DARWIN & NATURAL SELECTION

Name: \_\_\_\_\_

3. Some adaptations are helpful in one environment, but would be harmful in other environments. Complete this table below with 5 examples.

Adaptation	Helpful Environment	Harmful Environment
Thick Fur	Cold, arctic environments	Hot environments

4. Explain why sexual reproduction allows a

5. Explain why a characteristic which helps an organism survive in its environment is called an adaptation.

Before his visit to the Galapagos, Darwin would have taken it for granted that the different kinds of finches he saw on his journey were each created specifically by God. Using the plants he found on his travels and his prior knowledge, Darwin expected that these finches were all descendants of one common ancestor.

Following this same logic, Darwin suggested that all species must share common ancestors. The more similar two species are, the more recent their ancestor is likely to be. But even quite dissimilar species came from the same ancestor who lived millions of years ago.

Despite his convictions about his work, Darwin did not share his controversial ideas with the public until he was 73. Another naturalist, Alfred Wallace, approached Darwin about his work. Wallace had come to the same conclusions about evolution and natural selection in a recent trip to the Pacific Islands. Together Wallace and Darwin both published books describing their findings, paving the way for modern genetics and biology.

Source: Lee 2008

## DARWIN & NATURAL SELECTION

Name: \_\_\_\_\_

In each of the following scenarios, identify the parts of Darwin's theory. 1. A hawk is hunting a group of mice in a field. As winter approaches, the mice have to find food to survive. The mice's predators are birds who hunt for the mice. The mice's food source is seeds. Every month lays 100 eggs, but only about 10 mice each egg cluster live to adulthood.

Which trait is favorable? Why?

Which trait is unfavorable? Why?

What are the variations in this population?

How does this species overproduce?

How will this species change over time?

2. Only 1 out of 1000 sea turtles survives to adulthood. From the moment they hatch, sea turtles must strive for survival. They race across the beach and battle the waves, competing for food. Throughout this time, predators are stalking them for an easy meal. Some sea turtles are faster than others.

Which trait is favorable? Why?

Which trait is unfavorable? Why?

What are the variations in this population?

How does this species overproduce?

How will this species change over time?

3. Storks are a species of bird that only has the time and energy to provide for one chick. Storks lay two eggs. After the eggs hatch, the birds feed both chicks for a week. After a week's time, the chicks are able to fly out of the nest and fend for themselves. From then, the parents focus their efforts only on the larger chick.

Which trait is favorable? Why?

Which trait is unfavorable? Why?

What are the variations in this population?

How does this species overproduce?

How will this species change over time?

## **Lesson 13 Natural Selection Answer Key Introduction**

Lesson 13 Natural Selection Answer Key Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Lesson 13 Natural Selection Answer Key Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Lesson 13 Natural Selection Answer Key : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Lesson 13 Natural Selection Answer Key : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Lesson 13 Natural Selection Answer Key Offers a diverse range of free eBooks across various genres. Lesson 13 Natural Selection Answer Key Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Lesson 13 Natural Selection Answer Key Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Lesson 13 Natural Selection Answer Key, especially related to Lesson 13 Natural Selection Answer Key, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Lesson 13 Natural Selection Answer Key, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Lesson 13 Natural Selection Answer Key books or magazines might include. Look for these in online stores or libraries. Remember that while Lesson 13 Natural Selection Answer Key, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Lesson 13 Natural Selection Answer Key eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Lesson 13 Natural Selection Answer Key full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Lesson 13 Natural Selection Answer Key eBooks, including some popular titles.

## **FAQs About Lesson 13 Natural Selection Answer Key Books**

1. Where can I buy Lesson 13 Natural Selection Answer Key books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Lesson 13 Natural Selection Answer Key book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Lesson 13 Natural Selection Answer Key books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Lesson 13 Natural Selection Answer Key audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Lesson 13 Natural Selection Answer Key books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
