Library & Information Science Abstracts ,1975 *The Politics of Bad Options* Stefanie Walter,Ari Ray,Nils Redeker,2020-11-12 This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read at Oxford Academic and offered as a free PDF download from OUP and selected open access locations Why was the Eurozone crisis so difficult to resolve Why was it resolved in a manner in which some countries bore a much larger share of the pain than other countries Why did no country leave the Eurozone rather than implement unprecedented austerity Who supported and opposed the different policy options in the crisis domestically and how did the distributive struggles among these groups shape crisis politics Building on macro level statistical data original survey data from interest groups and qualitative comparative case studies this book argues and shows that the answers to these questions revolve around

distributive struggles about how the costs of the Eurozone crisis should be divided among countries and within countries among different socioeconomic groups Together with divergent but strongly held ideas about the right way to conduct economic policy and asymmetries in the distribution of power among actors severe distributive concerns of important actors lie at the root of the difficulties of resolving the Eurozone crisis as well as the difficulties to substantially reform EMU The book provides new insights into the politics of the Eurozone crisis by emphasizing three perspectives that have received scant attention in existing research a comparative perspective on the Eurozone crisis by systematically comparing it to previous financial crises an analysis of the whole range of policy options including the ones not chosen and a unified framework that examines crisis politics not just in deficit debtor but also in surplus creditor countries **Yearbook of International Organizations 2013-2014 (Volume 3)** Union Of International Associations, Union of International Associations, 2013-08-09 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Volume 3 allows readers to locate organizations by subjects or by fields of activity and specialization and includes an index to Volumes 1 through 3 **Gas World** ,1920 The Economist ,1929 **Indian National Bibliography** B.
