*Islam without Extremes* Mustafa Akyol, 2011-07-11 A delightfully original take on the prospects for liberal democracy in the broader Islamic Middle East Matthew Kaminski Wall Street Journal As the Arab Spring threatens to give way to authoritarianism in Egypt and reports from Afghanistan detail widespread violence against U S troops and women news from the Muslim world raises the question Is Islam incompatible with freedom In *Islam without Extremes* Turkish columnist Mustafa Akyol answers this question by revealing the little understood roots of political Islam which originally included both rationalist flexible strains and more dogmatic rigid ones Though the rigid traditionalists won out Akyol points to a flourishing of liberalism in the nineteenth century Ottoman Empire and the unique Islamo liberal synthesis in present day Turkey As he powerfully asserts only by accepting a secular state can Islamic societies thrive *Islam without Extremes* offers a desperately needed intellectual basis for the reconcilability of Islam and liberty **Religious Freedom in Islam** Daniel

Philpott, 2019-02-01 Is Islam hospitable to religious freedom Daniel Philpott examines conditions on the ground in forty seven Muslim majority countries today and offers an honest clear eyed answer to this urgent question [Why, as a Muslim, I Defend Liberty](#) Mustafa Akyol, 2021-09-28 Islam the second largest religion in the world has several authoritarian interpretations today that defy human freedom by executing apostates or blasphemers imposing religious practices or discriminating against women or minorities In *Why as a Muslim I Support Liberty* Mustafa Akyol offers a bold critique of this trouble by frankly acknowledging its roots in the religious tradition But Akyol also shows that Islam has seeds of freedom as well in the Qur an the life of the Prophet Muhammad and the complex history of the Islamic civilization It is past time he argues to grow those seeds into maturity and reinterpret Islamic law and politics under the Qur anic maxim No compulsion in religion Akyol shows that the major reinterpretation Islam needs now is similar to the transformation that began in Western Christianity back in the 17th century with the groundbreaking ideas of classical liberal thinkers such as John Locke The author goes back and forth between classical liberalism and the Islamic tradition to excavate little noticed parallels first highlighted by the Islamic liberals of the late Ottoman Empire unknown to many Muslims and non Muslims today In short chapters Akyol digs into big questions Why do Muslims need to reform the Sharia But is there something to revive in the Sharia as well Should Muslims really glorify conquest or rather believe in social contract Is capitalism really alien to Islam which has a rich heritage of free markets and civil society Finally he addresses a suspicion common among Muslims today What if liberty is a mere cover used by Western powers to advance their imperialist schemes With personal stories historical anecdotes theological insights and a very accessible prose this is the little big book on the intersection of Islam and liberty

**We Refuse to Be Enemies** Sabeeha Rehman, Walter Ruby, 2021-04-20 For readers of *The Faith Club* *Sons of Abraham* and *The Anatomy of Peace* a call for mutual understanding and lessons for getting there *We Refuse to Be Enemies* is a manifesto by two American citizens a Muslim woman and Jewish man concerned with the rise of intolerance and bigotry in

our country along with resurgent white nationalism Neither author is an imam rabbi scholar or community leader but together they have spent decades doing interfaith work and nurturing cooperation among communities They have learned that through face to face encounters people of all backgrounds can come to know the Other as a fellow human being and turn her or him into a trusted friend In this book they share their experience and guidance Growing up in Pakistan before she immigrated to the United States Sabeeha never met a Jew and her view was colored by the Israeli Palestinian conflict In his youth Walter never met a Muslim and his opinion was shaped by Leon Uris s Exodus Yet together they have formed a friendship and collaboration Tapping their own life stories and entering into dialogue within the book they explain how they have found commonalities between their respective faiths and discuss shared principles and lessons how their perceptions of the Other have evolved and the pushback they faced They wrestle with the two elephants in the room the Israeli Palestinian conflict and polarizing material in their holy texts and history And they share their vision for reconciliation offering concrete principles for building an alliance in support of religious freedom and human rights As members of the two largest minority faith communities in America we must stand together at a portentous moment in American history Neither of our communities will be able to prosper in an America characterized by xenophobia and bigotry Sabeeha Rehman and Walter Ruby

**War on Hate** Henry Kopel, 2021-07-12 The UN outlawed genocide in 1948 and the United States launched a war on terror in 2001 yet still today neither genocide nor terrorism shows any sign of abating This book explains why those efforts have fallen short and identifies policies that can prevent such carnage The key is getting the causation analysis right Conventional wisdom emphasizes ancient hatreds poverty and the impact of Western colonialism as drivers of mass violence But far more important is the inciting power of mass ideological hate propaganda this is what activates the drive to commit mass atrocities and creates the multitude of perpetrators needed to conduct a genocide or sustain a terror campaign A secondary causal factor is illiberal dualistic political culture this is the breeding ground for the extremist us vs them ideologies that always precipitate episodes of mass hate incitement A two tiered policy response naturally follows from this analysis in the short term several targeted interventions to curtail outbreaks of such incitement and in the long term support for indigenous agents of liberalization in venues most at risk for ideologically driven violence

*Islamic Foundations of a Free Society* Mustafa Acar, Souad Adnane, Azhar Aslam, Hasan Yücel Başdemir, Kathya Berrada, Maszlee Malik, Youcef Maouchi, Hicham El Moussaoui, M. A. Muqtedar Khan, Bican Şahin, Atilla Yayla, 2016-09-12 Islam is growing rapidly both in its traditional homelands and in the West Some in the West view Islam with a mixture of fear and suspicion However it is also fair to say that there is widespread ignorance about Islam and especially about its relationship to political systems and the economy Is Islam compatible with a free society and a free economy Is the fact that many Muslim majority states do not have free economies or polities a result of an incompatibility between Islam and political and economic freedom or does it result from an unfortunate series of historical events What role has past colonialism played in encouraging Muslim extremism

Exactly what does Islam have to say about freedom in economic political and religious life This book written by a range of Islamic scholars sheds a great deal of light on these crucial questions It is an important book for those in the West who need to understand Islam better It is also important for those in Muslim countries who can influence the development of political systems and economic policy The publication of this book could not be more timely *Understanding Sharia* Raficq S. Abdulla, Mohamed M. Keshavjee, 2018-04-30 I B Tauris in association with the Institute of Ismaili Studies Sharia has been a source of misunderstanding and misconception in both the Muslim and non Muslim worlds Understanding Sharia Islamic Law in a Globalised World sets out to explore the reality of sharia contextualising its development in the early centuries of Islam and showing how it evolved in line with historical and social circumstances The authors Raficq S Abdulla and Mohamed M Keshavjee both British trained lawyers argue that sharia and the positive law flowing from it known as fiqh have never been an exclusive legal system or a fixed set of beliefs In addition to tracing the history of sharia the book offers a critique concerning its status today Sharia is examined with regard to particular issues that are of paramount importance in the contemporary world such as human rights criminal penalties including those dealing with apostasy blasphemy and adultery commercial transactions and bio medical ethics amongst other subjects The authors show that sharia is a legal system underpinned by ethical principles that are open to change in different circumstances and contexts notwithstanding the claims for transcendental permanence made by Islamists This book encourages new thinking about the history of sharia and its role in the modern world *Following Similar Paths* Samuel C. Heilman, Mucahit Bilici, 2024-09-10 Two academics one Jewish and one Muslim come together to show how much their faiths have in common particularly in America This book provides a braided portrait of two American groups whose strong religious attachments and powerful commitments to ritual observance are not always easy to adapt to American culture Orthodox Jews and observant Muslims share many similarities in their efforts to be at home in America while holding on to their practices and beliefs As Samuel Heilman and Mucahit Bilici reveal they follow similar paths in their American experience Heilman and Bilici immerse readers in three layers of discussion for each religious group historical evolution sociological transformation and a comparative understanding of certain parallel beliefs and practices each of which is used as a window onto the lived reality of these communities Written by two sociologists one a religiously observant American Jew and the other an American Muslim Following Similar Paths offers lively insider and outsider perspectives that deepen our understanding of American diversity and what it means to be religious in a modern society [The Muslim World Book Review](#) ,2011 **No Compulsion in Religion — No Exceptions** Mustafa Akyol, 2026-02-10 The Qur an famously declares There is no compulsion in religion But there is much compulsion today in the name of Islam from apostasy laws to enforced veils from Iran to Afghanistan This groundbreaking book elucidates the Islamic arguments against these deadly exceptions to freedom It advocates for a faith grounded in free choice not coercion Most Muslims today are familiar with that remarkable Qur anic statement There is no compulsion in religion 2 256 This verse in a

few words seems to present an amazingly ancient precedent to a modern liberal value that religion must be based on freedom not coercion. However, traditional Islamic legal sources also include various measures of religious coercion. Apostates and blasphemers are sentenced to the death penalty and religious police forces are called to enforce piety. Moreover, some self-defined Islamic regimes of today such as the Taliban enforce these verdicts rigidly, shocking the conscience of many people, including many Muslims. So, is there really no compulsion in Islam? Or are there serious exceptions to that Qur'anic maxim as some authorities explicitly argue? This book, edited by Cato Institute Senior Fellow Mustafa Akyol, brings together a team of Muslim scholars to address this important question. By highlighting insights from Qur'anic exegesis, Islamic jurisprudence, Muslim history, and contemporary trends in the Muslim world, they make the case for full-fledged religious freedom. They argue that the Qur'anic maxim "No compulsion in religion" should be better embraced wholeheartedly with no exceptions.

**Al-Ittihad**, 1969      **Reopening Muslim Minds** Mustafa Akyol, 2025-10-16 A fascinating journey into Islam's diverse history of ideas making an argument for an Islamic Enlightenment today. In *Reopening Muslim Minds*, Mustafa Akyol, senior fellow at the Cato Institute and opinion writer for *The New York Times*, both diagnoses the crisis of Islam in the modern world and offers a way forward. Diving deeply into Islamic theology and also sharing lessons from his own life story, he reveals how Muslims lost the universalism that made them a great civilization in their earlier centuries. He especially demonstrates how values often associated with Western Enlightenment—freedom, reason, tolerance, and an appreciation of science—had Islamic counterparts which sadly were cast aside in favor of more dogmatic views often for political ends. Elucidating complex ideas with engaging prose and storytelling, *Reopening Muslim Minds* borrows lost visions from medieval Muslim thinkers such as Ibn Rushd (aka Averroes) to offer a new Muslim worldview on a range of sensitive issues: human rights, equality for women, freedom of religion, or freedom from religion. While frankly acknowledging the problems in the world of Islam today, Akyol offers a clear and hopeful vision for its future.

**The Light**, 1938      *Current Law Index*, 2005

**Organiser**, 1998      *The Tablet*, 1948      **World Christian Encyclopedia** David B. Barrett, George Thomas Kurian, Todd M. Johnson, 2001 The expanded updated edition of a classic reference source, the comprehensive survey of the status of the world's largest religion in 238 countries. Many tables, charts, diagrams, maps, photographs, and a rich text present a unmatched look at 33,800 Christian denominations, 12,000 dioceses, 5,000 missions, and other groups, all set against a detailed historical, political, social, cultural, demographic background.

**Islam and Liberty** Mohamed Charfi, 2005-05 Mohamed Charfi advocates a profound revision of Islamic thought. He insists on a new reading of Islamic history and law and explains why this is necessary. He stresses the primordial importance of education and its independence from propagandists.

*An Islamic Case for Religious Freedom* Ali Salman, Husnul Amin, 2022      *Allah, Liberty and Love* Irshad Manji, 2011-06-14 In *Allah Liberty and Love*, Irshad Manji paves a path for Muslims and non-Muslims to transcend the fears that stop so many of us from living with honest to God integrity, the fear of offending others in a multicultural world, as well as
