Haitian refugees and immigrants attain economic independence health security and citizenship in the United States Using  
the concept of corporate Catholicism James documents several paradoxes of assistance arising among the Catholic Church  
Catholic Charities and the Haitian Multi Service Center how social assistance produces and reproduces structural  
inequalities between providers and recipients how these inequities may deepen aid recipients dependence and lead to  
resistance to organized benevolence how institutional financial deficits harmed clients and providers and how the same  
modes of charity or philanthropy that previously caused harm can be redeployed to repair damage and rebuild charitable  
brands The culmination of more than a decade of advocacy and research on behalf of the Haitians in Boston this  
groundbreaking work exposes how Catholic corporations have strengthened but also eroded Haitians civic power

**Creating Infrastructures for Latino Mental Health** Lydia P. Buki,Lissette M Piedra,2011-09-08 Latinos are the  
fastest growing and largest minority group in the United States In 2008 this group numbered over 47 million by 2050 the  
population is expected to triple reaching 133 million Traditionally Latinos have immigrated to large urban centers e g New  
York Los Angeles that over long periods of time developed a complex infrastructure to receive new immigrants Increasingly  
new Spanish speaking immigrants are moving into areas of the country previously unfamiliar to them Although urban co  
ethnic communities continue to be the destination of many newcomers immigrants from Mexico Central America and South  
America in pursuit of low skilled labor opportunities are settling in small towns and rural areas of the South and Midwest  
This new demographic trend has resulted in the creation of the term new growth communities which refers to small rural  
areas that are now home to a small but rapidly growing Hispanic population Unfortunately these communities which are now  
present in many states across the country e g Illinois North Carolina lack the infrastructure necessary to meet the needs of  
Latino immigrants e g access to health care immigration assistance and breaking down language barriers The lack of an  
infrastructure and the lack of an established ethnic community to facilitate the assimilation of new immigrants present an  
ongoing challenge especially in the area of Latino mental health The volume focuses on dealing with systemic issues and on  
providing innovative ideas for development of infrastructure of services This text will advance ways to understand and  
ameliorate mental health disparities both from research and experiential perspectives      *Books and Pamphlets, Including*
