Charlotte Sleight shows how the styles and purposes of natural history illustration evolved from animal alphabets to the extraordinary productions of eighteenth and nineteenth century naturalists and explorers recording and classifying the living world. She pays tribute to the achievements of little known unsung painters and colourists alongside famous artists in this mighty endeavour of collecting, defining and exhibiting animal life on the page. Here too were ironies and contradictions: many naturalists were also hunters and the dodo and the great auk survive only in paper zoos. Publisher's description.
