WARNING

The brush in the cleaning head rotates at high speed and can cause damage to the main supply cable if the cleaner passes over it during cleaning operations.

Care should be taken to ensure that this does not happen.

If the cleaning head has accidentally passed over the main supply cable the following action should be taken:

1. Switch off and remove the plug from the socket outlet.
2. Examine the main supply cable for damage (only after removing the plug from the socket outlet).
3. If there is any sign of damage to the supply cable it **MUST** be removed, we recommend that this be carried out by Electrolux Service Staff.
4. **NEVER** use the machine with a damaged main supply cable.
