Teaching World History: A Resource Book Heidi Roupp, 2015-03-04 A resource book for teachers of world history at all levels The text contains individual sections on art gender religion philosophy literature trade and technology Lesson plans reading and multi media recommendations and suggestions for classroom activities are also provided **Mississippi's Black Cotton** John Obee, MacArthur Cotton, 2025-05 The literature of the civil rights movement is replete with stories about the major actors in the movement including for example Martin Luther King but there is little focus on the MacArthur Cottons of the era the young Black men and women who at great risk to their physical and mental health chose to become involved in the movement when so many others chose not to Without these young Black people there would have been no movement and what was accomplished with the Civil Rights Acts of the 1960s would never have happened This was particularly true in Mississippi the most repressive of all fifty states and one that had sponsored state terrorism to ensure that white supremacy reigned supreme Despite having no real reason to believe that change could happen MacArthur Cotton and those like him believed that they had to act In MacArthur's case his actions were in the tradition of his activist family and he relates his involvement with many of the important figures in the Mississippi movement such as Medgar Evers and Fannie Lou Hamer Importantly he also honors others like him who are largely unknown to history such as the Greenes and McGees in Greenwood who were waging their own war against their oppressive state While having been imprisoned many times and having lived in a constant state of terror Cotton persisted as a foot soldier in a war and as with all veterans of wars was left with emotional and psychological scars Despite the toll that it took on him as a person however he remains a committed activist to this day **Animation: A World History** Giannalberto Bendazzi, 2015-11-06 A continuation of 1994's groundbreaking *Cartoons* Giannalberto Bendazzi's *Animation A World History* is the largest deepest most comprehensive text of its kind based on the idea that animation is an art form that deserves its own place in scholarship Bendazzi delves beyond just Disney offering readers glimpses into the animation of Russia Africa Latin America and other often neglected areas and introducing over fifty previously undiscovered artists Full of first hand never before investigated and elsewhere unavailable information *Animation A World History* encompasses the history of animation production on every continent over the span of three centuries Volume III catches you up to speed on the state of animation from 1991 to present Although characterized by such trends as economic globalization the expansion of television series emerging markets in countries like China and India and the consolidation of elitist auteur animation the story of contemporary animation is still open to interpretation With an abundance of first hand research and topics ranging from Nickelodeon and Pixar to modern Estonian animation this book is the most complete record of modern animation on the market and is essential reading for all serious students of animation history Key Features Over 200 high quality head shots and film stills to add visual reference to your research Detailed information on hundreds of never before researched animators and films Coverage of animation from more than 90 countries

Frazee, 2005-10 When Ben Hardesty burned out as a big city reporter he turned to teaching but he was not a typical college professor He didn't care about tenure or textbooks Instead he gave his journalism students hands on experience But his final exam turned out to be a tragic mistake Now police detective Jo Ferris must discover whether the test was just an unfortunate accident or whether ugly undercurrents of race and greed at a state university prompted a cold calculated murder **A Life with History** John Morton Blum, 2004 The author of such classic works as *The Republican Roosevelt* *V Was for Victory* and *Years of Discord* John Morton Blum is one of a small group of intellectuals who for more than a quarter of a century dominated the writing of American political history Writing now of his own career Blum provides a behind the scenes look at Ivy League education and political power from the 1940s to the 1980s Blum insightfully recounts a long and distinguished journey that began at Phillips Academy where he first realized he could make a career of teaching and writing history He tells how young men were socialized to the values of the Northeastern establishment in those years before World War II and how as a non practicing Jew he learned to overcome bigotry both at Andover and at Harvard which then had no Jewish professors In 1957 Blum joined the faculty of Yale University's history department widely regarded as the nation's best where he became both influential and popular and where his students included one future U S president as well as others who aspired to the office He reveals much about the inner workings of Ivy League education and tells of controversies over the Vietnam War and the Black Panthers his role in Eugene McCarthy's presidential campaign and how he searched for common ground between reactionary faculty and radical students More than a recounting of a singular life Blum's story explains how political history was researched and written during the second half of the twentieth century describing how the discipline evolved gained ascendancy and was challenged as historical fashions changed It also offers revealing glimpses of such prominent academics as Kingman Brewster Arthur Schlesinger Jr C Vann Woodward and William Sloan Coffin Over a distinguished career Blum witnessed considerable change in elite educational institutions where minorities and women were grossly underrepresented when he first entered academia In a memoir brimming with insight and laced with humor he looks back at the academy not a refuge from reality but an alternative reality as he reflects upon his intellectual journey and his contributions to the study and writing of twentieth century American history *The ETS Test Collection Catalog* Educational Testing Service.
